EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

In March 2022, the Board of Elementary and Secondary Education (BESE) considered and deferred a proposed rule change to policy Bulletin 126 would have required a material amendment to BESE-authorized charters in order to allow the establishment of learning pods. The proposed legislation clarifies that learning pods in Type 2 charter schools do not require a material amendment to a school's charter. Instead, they will be required to notify BESE within thirty days of establishing the learning pod.

REVENUE EXPLANATION
