## DIGEST

SB 141 Original

2023 Regular Session

Hensgens

<u>Present law</u> provides for certificates of public convenience and necessity for injection operations and establishes conditions for the issuance thereof.

<u>Present law</u> precludes imposition of certain consequences against storage operators and carbon dioxide transporters, including classification as a common carrier or public utility, subjection to duties, obligations, or liabilities as a common carrier or public utility, or increase of tax liability, where the storage operator or carbon dioxide transporter acts in compliance with a certificate of public convenience and necessity or certificate of completion of injection or acts in compliance with statutes, rules, regulations, or orders issued by the commissioner of the Dept. of Natural Resources, office of conservation.

Proposed law retains present law.

Effective August 1, 2023.
