2024 Regular Session

Owen

Abstract: Provides for the over-the-counter sale and purchase of ivermectin without a prescription from any healthcare professional.

Proposed law shall be known and may be cited as the "Ivermectin Access Law".

Proposed law defines "ivermectin" as a Food and Drug Administration-approved antiparasitic drug used to treat several untreated tropical diseases and infections caused by some parasitic worms and head lice and skin conditions like rosacea. Proposed law also defines "over-the-counter medication" as medication that may be legally sold and purchased without a prescription.

Proposed law defines "healthcare professional" in accordance with the provisions of present law.

Proposed law permits the sale and purchase of ivermectin suitable for human use as an over-the-counter medication. Proposed law further provides that such sale or purchase shall not require a prescription from any healthcare professional.
