## DIGEST 2024 Regular Session

SB 368 Original

Bass

<u>Proposed law</u> requires, on or before Dec. 1, 2024, the Department of Insurance (LDI) to retain by contract one or more entities that have experience in actuarial reviews and healthcare policy for the purpose of performing actuarial reviews of up to six legislative proposals that may impose a new health benefit coverage mandate on health benefit plans or reduce or eliminate coverage mandated under health benefit plans.

<u>Proposed law</u> provides that a member of the legislature who requests an actuarial review of a legislative proposal shall submit the request to LDI no later than Dec. 1 of the year preceding the regular legislative session in which the legislative proposal will be considered.

<u>Proposed law</u> establishes a procedure for the selection of proposed legislation to be reviewed if LDI receives more than six legislative proposals to be reviewed.

<u>Proposed law</u> provides that an actuarial review performed pursuant to <u>proposed law</u> shall consider the predicted effects of the legislative proposal during the five years immediately following the effective date of the legislative proposal, or during another time period following the effective date of the legislative proposal if such consideration is more actuarially feasible, including but not limited to specific enumerated factors.

<u>Proposed law</u> provides for the format in which the results of the actuarial review shall be reported.

<u>Proposed law</u> provides that the actuarial review shall include, to the extent practicable, a qualitative analysis of the impact of the legislative proposal. Further provides that a member of the legislature who requests an actuarial review of a legislative proposal may designate one or more persons to provide data for the review.

<u>Proposed law</u> provides for the length of time that a request for an actuarial review and the final report resulting from the request are to be treated as confidential and provides an exemption from the Public Records Law, R.S. 44:1et seq.

<u>Proposed law</u> requires the commissioner of administration to request an appropriation to pay the estimated defrayal cost of each enacted legislative proposal.

<u>Proposed law</u> prohibits LDI from engaging any contractor to perform an actuarial review pursuant to <u>proposed law</u> unless the department determines that there are adequate resources available within existing appropriations to compensate the contractor for actuarial review.

Present law creates the La. Mandated Health Benefits Commission, within the Department of

Insurance, to review proposed legislation in any session of the legislature for the purpose of determining if the legislation creates a mandated health benefit that would require the state to defray the costs of the mandate. <u>Present law</u> further provides for the commission's membership, powers, duties, functions, and responsibilities.

Proposed law repeals present law.

Effective August 1, 2024.

(Amends R.S. 44:4.1(B)(11); adds R.S. 22:2183; repeals R.S. 22:2187)
