HB 749 Original

2024 Regular Session

Bayham

Abstract: Adds definitions and establishes unregulated services relative to the La. Cosmetology Act.

Present law provides for definitions.

Proposed law retains present law and defines "mechanical devices", "natural hair braider", "natural hair braiding", "natural hair braiding service", and "unregulated service" or "unregulated services".

Proposed law defines unregulated services as those services not defined or interpreted as the practice of cosmetology in present law and proposed law. Proposed law further provides that unregulated services are exempt from regulation by the La. State Bd. of Cosmetology.

Proposed law provides that natural hair braiding and natural hair braiding services performed by a natural hair braider are unregulated services.

Proposed law provides that "natural hair braiding" does not include any of the following:

- (1) Application of dyes, reactive chemicals, or other preparations to alter the color of the hair or to straighten, curl, or alter the structure of the hair.
- (2) Use of chemical hair joining agents such as synthetic tape, keratin bonds, or fusion bonds.

Proposed law provides that natural hair braiding may be used to reference African hair braiding or styling, but is not limited to any particular cultural, ethnic, racial, or religious forms of hair styles.

Proposed law preempts local government ordinances that prohibit natural hair braiding, natural hair braiding services, or natural hair braiders. Proposed law further preempts local government ordinances that regulate any matter relating to the licensing, testing, training, facilities, or equipment of natural hair braiding, natural hair braiding services, or natural hair braiders as provided in proposed law.
