HB 423 Engrossed

2024 Regular Session

Melerine

Abstract: Provides for the payment of recoverable medical expenses from collateral sources.

Present law (R.S. 9:2800.27(B)) provides that in cases where a claimant's medical expenses have been paid, in whole or in part, by a health insurance issuer or Medicare to a contracted medical provider, the claimant's recovery of medical expenses is limited to the amount actually paid to the contracted medical provider by the health insurance issuer or Medicare, and any applicable cost sharing amounts paid or owed by the claimant, and not the amount billed.

Present law provides that the court shall award to the claimant 40% of the difference between the amount billed and the amount actually paid to the contracted medical provider by a health insurance issuer or Medicare in consideration of the claimant's cost of procurement, provided that this amount shall be reduced if the defendant proves that the recovery of the cost of procurement would make the award reasonable.

Proposed law retains present law but deletes the requirement that the court shall award the claimant 40% of the difference between the amount billed and the amount actually paid to the contracted medical provider by a health insurance issuer or Medicare.

Present law (R.S. 9:280.27(F)) provides that the jury shall only be informed of the amount billed by a medical provider and whether another source has agreed to pay shall not be disclosed to the jury.

Proposed law repeals present law.
