The original instrument and the following digest, which constitutes no part of the legislative instrument, were prepared by Jonathon Wagner.

DIGEST 2024 Regular Session

Jackson-Andrews

<u>Present law</u> as amended by Acts 2024, 2nd Ex. Sess., No.5, §1, eff. July 1, 2024, provides that every sentence of death will be carried out using intravenous injection, nitrogen hypoxia, or electrocution.

<u>Proposed law</u> removes nitrogen hypoxia as a permissible method of execution and otherwise retains <u>present law</u>.

Effective July 1, 2024.

SB 430 Original

(Amends R.S. 15:569(A) as amended by Acts 2024, 2nd Ex. Sess., No.5, §1)
