EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

An official from the St. George Fire Protection District indicated that the bill is not expected to impact local government expenditures, because a current employee will be reassigned to this newly approved position. The official stated there are no salary, supplemental pay, or retirement changes associated with the creation of this position.

An official from the Office of the State Examiner indicated the bill would create a competitive class position which would allow the position to be filled by anyone that meets qualifications as opposed to a promotional class position which allows the chief to promote only the most senior ranked employee. This official stated there would be no material additional expenditures resulting from this bill to the Office of State Examiner.
