EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. The facility need review (FNR) process for new residential substance abuse treatment providers is anticipated to be accomplished with existing staff and resources.

REVENUE EXPLANATION

There will be an additional \$200 facility need review (FNR) application fee collected by the LA Department of Health (LDH) for each request to the FNR committee. To the extent the FNR committee denies an application for residential substance abuse treatment providers, LDH will lose licensing revenues. LDH reports between \$25 and \$50 is collected to add residential substance abuse treatment providers to an existing Behavioral Health Service provider license. Residential substance abuse treatment providers that provide services to women and adolescents are excluded from the FNR process.
