EXPENDITURE EXPLANATION

There is no anticipated direct material effect on agency self-generated expenditures as a result of this measure.

A Board official indicated that, while not a direct impact of the bill, it is the Board's intention to use the increased fee revenue to pay for the rising level of expenditures (mandatory insurance costs, salary and benefits, operating expenses, etc.). The official indicated that expenditures increase approximately five percent annually due to inflation.

REVENUE EXPLANATION

Agency self-generated revenues could increase by approximately \$970,275 annually.

This bill affects the fee schedule for Cosmetologists, Estheticians, Manicurists, Cosmetology Teachers and Schools, and other related parties and activities. A Board official indicated that without a fee increase, while not a direct impact of the bill, the Board anticipates it may have to cease operations within the next two years due to the rising levels of expenditures and mandatory costs.
