Abstract: Provides for revisions to the Code of Governmental Ethics.

Definitions

Present law (R.S. 42:1102(22)) defines "thing of economic value" and provides that certain items are, and are not, considered a thing of economic value for purposes of limitations imposed by present law (Code of Governmental Ethics), including reasonable transportation in certain circumstances. Proposed law retains present law.

Present law provides that "reasonable transportation" for purposes of legislators and employees in the legislative branch of state government when organized primarily for educational or for informational purposes, including on-site inspections, shall include transportation to any point within the boundaries of this state, including the territorial waters thereof, and to any offshore structure located on the outer continental shelf seaward of such territorial waters and offshore of La. Requires prior approval from the presiding officer of the respective house wherein such legislative employee is employed.

Proposed law retains present law as it relates to employees in the legislative branch of state government except to include transportation to any state, territory, or commonwealth of the U.S.

For purposes of legislators, proposed law repeals present law and instead provides that "reasonable transportation" when organized primarily for educational or for informational purposes, including on-site inspections, shall include transportation to any state, territory, or commonwealth of the U.S., to the territorial waters of La., and to any offshore structure located on the outer continental shelf seaward of such territorial waters and offshore of Louisiana. Further provides that when organized primarily for making a public speech, reasonable transportation includes transportation from his home, or the capitol, to and from the site of the speaking engagement from the sponsoring group or organization, provided the public speech is given in any state of the U.S. or any country in North America. Present law further provides that reasonable transportation, when organized primarily for entertainment purposes incidental to food, drink, or refreshments, shall include transportation to any point within this state that is within a fifty-mile radius of the perimeter of the legislator's district, or within a fifty-mile radius of the perimeter of the parish wherein the state capitol is located. Proposed law retains present law.

Present law provides that for employees in the legislative branch of state government, reasonable transportation shall only be for official legislative purposes. Proposed law repeals present law.

Present law (R.S. 42:1123(16)) provides that "public speech" shall mean a speech, or other oral presentation, including a panel discussion, or radio or television appearance before the public at large, or before any civic, political, religious, educational, or eleemosynary group or organization by a member of the legislature in his capacity as a legislator. Proposed law retains present law except to provide that instead of eleemosynary groups, the provision applies to appearances before an organization qualified for an exemption from federal income tax under Section 501 of the Internal Revenue Code.

Payments made by nonpublic sources

Present law (R.S. 42:1111) provides that no public servant shall receive anything of economic value, other than compensation and benefits from the governmental entity to which he is duly entitled, for the performance of the duties and responsibilities of his office or position. Present law provides for exceptions.

Proposed law retains present law except to provide that any compensation paid to any public school teacher, administrator, or supervisor, including kindergarten through the twelfth grade and postsecondary education instructional faculty and administrators for compensation from any agency participating in a state or statewide public retirement system shall be deemed as compensation from his governmental entity to which he is duly entitled. Such compensation must follow all rules regarding secondary compensation related to the public retirement system in which the public employee is participating. Such services shall be deemed to be performed for the benefit of his governmental entity, although the time spent in such matters shall not be deemed as hours worked for his governmental entity.

Proposed law further provides that any award or stipend provided to any public school teacher or administrator for his participation with any nonprofit provider of teacher or public-school administrator certification, shall be deemed as compensation from his governmental entity to which he is duly entitled. The services for which the award or stipend is received shall be deemed to be performed for the benefit of the public school.

Proposed law further provides that any stipend provided to any public school athletic trainer for services performed for the benefit of his governmental entity paid for by a private entity that provides for the health and safety of student athletes and that does not receive third party reimbursements shall be deemed as compensation from his governmental entity to which he is duly entitled.

Proposed law retains present law and provides an additional exception allowing for public servants to participate at an event hosted by certain charitable organizations held for the purpose of educating the public servant on issues that have come before, or might reasonably be expected to come before the public servant, provided that at least 10 persons associated with the organization are invited to the gathering.

Proposed law provides that the present law requirement to disclose certain information only applies if the member of the legislature is making the speech outside La., the territorial waters thereof, or any offshore structure located on the outer continental shelf seaward of the territorial waters and offshore of La.

Present law authorizes the acceptance by a public servant of anything of economic value as a gift or gratuity from any person when the value of such gift or gratuity does not exceed \$100 per event. Proposed law further provides that the public servant may not receive gifts valued more than \$200 in a calendar year.
