Subject: Exemption to the definition of food services establishment	

SANITARY CODE OR -\$6,425 SG RV See Note Page 1 of 1
Provides for an additional exemption to the definition of food service establishment. (8/1/26)

Present law defines the term "food service establishment" as an establishment which prepares food for human consumption, either for individual service or for a group of people, whether consumption is on or off the premises and regardless of whether there is a charge for food. Present law provides that the definition of a "food service establishment" shall exclude certain entities.

Proposed law adds adult residential care providers to the list of excluded entities.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. The Louisiana Department of Health (LDH) reports that no additional expenditures are required as a result of adding adult residential care providers to the list of entities excluded from the definition of a "food service establishment".

REVENUE EXPLANATION

LDH anticipates a reduction in SGR revenue collections of \$6,425 in FY 27 and subsequent fiscal years, as a result of adding adult residential care providers to the list of entities excluded from the definition of a "food service establishment". LDH collects a \$25 administrative fee for each food-safety certificate processed annually. Information provided by the department indicates there are currently 257 licensed adult residential facilities. Assuming these facilities would no longer be required to obtain a food-safety certificate, SGR revenue collections would decrease by \$6,425 annually beginning in FY 27 and in subsequent fiscal years (\$25 administrative fee x 257 licensed facilities).
