SB 521 Engrossed

DIGEST  
2026 Regular Session

Boudreaux

Present law prohibits any person other than a licensed financial institution from using certain terms and words as part of its name or title.

Proposed law retains present law and provides that in a bank merger or consolidation, the surviving or resulting bank may use the name of the nonsurviving bank for a reasonable period following the transaction when appropriate.

Proposed law provides that the surviving or new federally insured bank may continue to use the name of the nonsurviving state bank as a division, subject to federal and chartering authority requirements and clear identification as a division of the surviving or new bank.

Proposed law requires a surviving or new bank using a division name to take reasonable steps to prevent depositor confusion regarding the identity of the bank and the extent of FDIC insurance coverage.

Proposed law requires clear disclosure in signage and advertising, use of the bank's legal name in official documents, staff training on deposit insurance issues, and acknowledgment from depositors that deposits across divisions are not separately insured.

Effective upon signature of the governor or lapse of time for gubernatorial action.
