Dept./Agy.: LDH/Medicaid		
Subject: Medicaid reimbursement of ambulatory surgical centers		Analyst: Cristian Nedelea

HEALTH RE +\$375,050 GF EX See Note Page 1 of 1
 Provides relative to Medicaid reimbursement of ambulatory surgical centers for certain procedures

Proposed law requires the Louisiana Department of Health (LDH) to take all necessary actions by 10/01/26, to reimburse ambulatory surgical centers (ASCs) that perform gastroenterology, ophthalmology, and otolaryngology procedures at a rate which is the lesser of the rate paid in an outpatient hospital setting or 100% of the Medicare rate for the same procedures. It also requires LDH to update the reimbursement rates annually.

Proposed law shall become effective upon the signature by the governor or, if not signed by the governor, upon expiration of the time for bills to become law without signature by the governor. If vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on the day following such approval.

EXPENDITURE EXPLANATION

This fiscal note was revised to include the impact of the Reengrossed bill based on additional information provided by LDH after the initial Reengrossed fiscal note was released.

Proposed law is anticipated to result in an expenditure increase within the Louisiana Department of Health (LDH) of \$2.1 M (\$375,050 SGF, \$29,005 Statutory Dedications out of the Medical Assistance Trust Fund - MATF, and \$1.7 M Federal) in FY 27 (assuming 8 payment months) and \$3.2 M (\$432,052 SGF, \$174,031 Statutory Dedications - MATF, and \$2.6 M Federal) in FY 28 (full year cost) and subsequent fiscal years. Proposed law mandates Medicaid reimbursement for gastroenterology, ophthalmology, and otolaryngology procedures provided in an ambulatory surgical center (ASC) at a rate which is the lesser of the rate paid in an outpatient hospital setting or 100% of the Medicare rate for the same procedures.

The expenditure projection is based on the following data, assumptions, and approach:

- (1) Expected new cost: FY 24 and FY 25 historical utilization data for the mandated services were repriced using the proposed reimbursement rates and the average of the two years was used for the expenditure projection.
- (2) Observed cost: The average of FY 24 and FY 25 observed utilization data for the mandated services was used for the projection.
- (3) Rate differential = (1) Expected new cost - (2) Observed cost.
 $\$2,718,336 = \$4,357,594 - \$1,639,258$
- (4) 5.5% premium tax and 10% administrative cost are factored into the total cost. Statutory Dedications for FY 27 reflect two months of premium taxes, which are collected on a calendar year basis (November and December 2026).
- (5) Effective date: 10/01/2026. FY 27 accounts for 8 months of usage. All ASC services are assumed to be provided through the Healthy Louisiana MCOs which are paid capitation payments with a one month lag (for example, November 2026 capitation payments are for October 2026 service month).
- (6) Financing: 68.06% Non-Expansion blended FMAP rate and 90% Expansion FMAP rate.

Note: The LFO is unable to corroborate the expenditure estimates projected by LDH. To the extent that actual utilization varies from projections, total costs would shift accordingly. Should additional information regarding estimated expenditures become available, this fiscal note will be updated.

REVENUE EXPLANATION

Proposed law is anticipated to result in a revenue increase within the LDH of \$29,005 in Statutory Dedications - MATF revenues in FY 27 and \$174,031 per fiscal year thereafter. With a 10/01/2026 effective date and premium tax collections based on a calendar year, the Statutory Dedications fiscal impact for FY 27 is for only two months of collections (payment months of November and December 2026). The revenue increase is a direct result of the 5.5% premium tax collections levied on MCO capitation expenditures. The increase in expenditures will be integrated into the actuarially sound premium/capitation payments made by LDH to MCOs.

Senate Dual Referral Rules
 13.5.1 >= \$100,000 Annual Fiscal Cost {S & H}
 13.5.2 >= \$500,000 Annual Tax or Fee Change {S & H}

House
 6.8(F)(1) >= \$100,000 SGF Fiscal Cost {H & S}
 6.8(G) >= \$500,000 Tax or Fee Increase or a Net Fee Decrease {S}
