

**OFFICE OF LEGISLATIVE AUDITOR
2026 REGULAR SESSION
ACTUARIAL NOTE**

Senate Bill 456 SLS 26RS-442 Enrolled Author: Talbot LLA Note SB 456.03	Date: May 14, 2026 Organizations Affected: State and Statewide Retirement Systems EN SEE ACTUARIAL NOTE FC
--	---

Bill Header: JUDGES: Provides for the compensation of assigned retired judges.

Purpose of Bill:

Under present law, retired judges serving on an ad hoc assignment basis are compensated in one of two ways, depending on the specific assignment:

1. The assignment is for a specified time, they receive the regular salary of the judicial position they are filling, but that compensation is reduced on a dollar-for-dollar basis for any retirement benefit paid by a Louisiana state or statewide retirement system, or
2. The assignment is on a contractual basis, they receive daily compensation in the amount of 5% of the monthly salary of a judge of the court to which they are assigned but, they are limited to working no more than 120 working or judicial days in a fiscal year.

Proposed law

1. Provides that when an assigned judge is employed on a contractual basis, the daily compensation can be either:
 - a. The amount and work limits as described in item 2) above, or
 - b. 3% of the monthly salary of a judge of the court to which they are assigned, without a limit on the total number of days worked in a fiscal year.
2. Permits the Louisiana supreme court to choose whether to compensate an assigned retired judge on a salaried, or on a contractual basis, regardless of the statutory provision under which that assignment is made.
3. Clarifies that any provisions “otherwise applicable to [Louisiana State Employees Retirement System (LASERS)] members” does not apply to a retired judge serving on assignment.

Summary of Impact¹: The estimated net actuarial and fiscal impact of the proposed legislation is summarized below.

Proposed law is not expected to have a material impact on the actuarial present value of expected future benefits and administrative expenses incurred by the retirement systems. A more detailed explanation can be found in Section I: Actuarial Impact on Retirement Systems.

This bill is subject to the Louisiana Constitution which requires unfunded liabilities created by an improvement in retirement benefits to be amortized over a period not to exceed ten years.

Net Fiscal Costs pertain to changes to all cash flows over the next five-year period including retirement system cash flows or cash flows related to local and state government entities.

In the following table, expenditures and revenues include cash flows to or from the affected retirement system (e.g. administrative expenses incurred by, benefit payments from, or contributions to the retirement system) and do not include administrative expenditures and revenues specifically incurred by the state or local government entities associated with implementing the legislation. A more detailed explanation can be found in Section II: Fiscal Impact on Retirement Systems.

Five Year Net Fiscal Costs Pertaining to:	<u>Expenditures</u>	<u>Revenues</u>
The Retirement Systems	See Section II	See Section II
Local Government Entities	0	0
State Government Entities	0	0
Total	See Section II	See Section II

In the following table, expenditures and revenues include administrative expenditures and revenues specifically incurred by the state or local government entities associated with implementing the legislation and do not include cash flows to or from the affected retirement system (i.e. contribution changes included in the above table). This information is provided by the LLA Local Government Services or the Legislative Fiscal Office. A more detailed explanation can be found in Sections III: Fiscal Impact on Local Government Entities and Section IV: Fiscal Impact on State Government Entities.

Five Year Net Fiscal Costs Pertaining to:	<u>Expenditures</u>	<u>Revenues</u>
Local Government Entities	\$ 0	\$ 0
State Government Entities	0	0
Total	\$ 0	\$ 0

¹ This is a different assessment from the actuarial cost requiring a 2/3rd vote (refer to the section near the end of this Actuarial Note “**Information Pertaining to La. Const. Art. X, §29(F)**”).

<p>This Note has been prepared by the Actuary for the Louisiana Legislative Auditor (LLA) with assistance from either the Fiscal Notes staff of the Legislative Auditor or staff of the Legislative Fiscal Office (LFO). The attachment of this Note provides compliance with the requirements of R.S. 24:521 as amended by Act 353 of the 2016 Regular Session.</p>	 Kenneth J. “Kenny” Herbold, ASA, EA, MAAA Director of Actuarial Services Louisiana Legislative Auditor

**2026 REGULAR SESSION
ACTUARIAL NOTE SB 456**

I. ACTUARIAL IMPACT ON RETIREMENT SYSTEMS

This section of the actuarial note is intended to provide a brief outline of the changes in plan provisions and actuarial effect on key aspects of the affected retirement systems.

Proposed law provides flexibility with respect to how retired judges are compensated when they are serving on assignment. Potentially allowing them to earn more than under present law while continuing to receive their retirement benefit. This could provide some incentive to judges to retire earlier than they otherwise might. However, the nature of how and when retired judges are assigned to these positions appear to be sufficiently different than a standard retire-and-return-to-work scenario, and, the number of potential members who are likely to be permitted to return-to-work while continuing to receive their retirement benefit under proposed law is sufficiently small when compare to the size of any public retirement system in Louisiana that any actuarial impact is likely to be minimal.

II. FISCAL IMPACT ON RETIREMENT SYSTEMS

This section of the actuarial note pertains to annual fiscal costs (savings) associated with the retirement systems.

Fiscal costs or savings include only cash flows to or from the affected retirement system (e.g. administrative expenses incurred by, benefit payments from, or contributions to the retirement system) and do not include administrative expenditures and revenues specifically incurred by the state or local government entities associated with implementing the legislation. A fiscal cost is denoted by “Increase” or a positive number. Fiscal savings are denoted by “Decrease” or a negative number. A revenue increase is denoted by “Increase” or a positive number. A revenue decrease is denoted by “Decrease” or a negative number.

Table A: Retirement System Fiscal Cost

Expenditures	<u>2026-27</u>	<u>2027-28</u>	<u>2028-29</u>	<u>2029-30</u>	<u>2030-31</u>	<u>5-Year Total</u>
State General Fund	\$ 0	\$ 0	\$ 0	\$ 0	\$ 0	\$ 0
Agy Self-Generated	See Below	See Below	See Below	See Below	See Below	See Below

Federal Funds	0	0	0	0	0	0
Local Funds	0	0	0	0	0	0
Annual Total	See Below	See Below	See Below	See Below	See Below	See Below

Revenues	<u>2026-27</u>	<u>2026-27</u>	<u>2026-27</u>	<u>2026-27</u>	<u>2026-27</u>	<u>2026-27</u>
State General Fund	\$ 0	\$ 0	\$ 0	\$ 0	\$ 0	\$ 0
Agy Self-Generated	See Below	See Below	See Below	See Below	See Below	See Below
Stat Deds/Other	0	0	0	0	0	0
Federal Funds	0	0	0	0	0	0
Local Funds	0	0	0	0	0	0
Annual Total	See Below	See Below	See Below	See Below	See Below	See Below

Changes in employer contributions are reflected in the State General Fund and/or Local Fund expenditure lines above. The actual sources of funding (e.g., Federal Funds, State General Fund, etc.) may vary by employer and are not differentiated in the table.

The proposed legislation is expected to have the following effects on retirement related fiscal costs and revenues during the five-year measurement period.

1. Expenditures:

- a. It is possible that some Louisiana public retirement systems could pay larger benefits than they otherwise might, but it appears unlikely to have a material impact during the five-year measurement period, and any amount is not measurable.
- b. LASERS’ staff has indicated that any administrative costs associated with implementing the bill would be absorbed within its existing budget.

2. Revenues:

It is possible that some Louisiana public retirement systems could receive lower employee and employer contributions than they otherwise might, but it appears unlikely to have a material impact during the five-year measurement period, and any amount is not measurable.

III. FISCAL IMPACT ON LOCAL GOVERNMENT ENTITIES

This section of the actuarial note pertains to annual fiscal costs (savings) related to administrative expenditures and revenue impacts incurred by local government entities other than those included in Section II.

N/A – This bill only impacts state government, and therefore, has no local government impact.

IV. FISCAL IMPACT ON STATE GOVERNMENT ENTITIES
(Prepared by Legislative Fiscal Office)

This section of the actuarial note pertains to annual fiscal costs (savings) related to administrative expenditures and revenue impacts incurred by state government entities other than those included in Section II.

Other than the impact on employer contribution rates which is already reflected in Section II above, there is no anticipated direct material effect on governmental expenditures and revenues as a result of this measure.

ACTUARIAL NOTE SB 456**

V. ACTUARIAL DISCLOSURES

Intended Use

This actuarial note is based on our understanding of the bill as of the date shown above. It is intended to be used by the legislature during the current legislative session only and assumes no other legislative changes affecting the funding or benefits of the affected systems, other than those identified, will be adopted. Other readers of this actuarial note are advised to seek professional guidance as to its content and interpretation, and not to rely upon this communication without such guidance. The actuarial note, and any referenced documents, should be read as a whole. Distribution of, or reliance on, only parts of this actuarial note could result in its misuse and may mislead others. The summary of the impact of the bill included in this actuarial note is for the purposes of an actuarial analysis only, as required by La. R.S. 24:521, and is not a legal interpretation of the provisions of the bill.

Actuarial Data, Methods and Assumptions

Unless indicated otherwise, this actuarial note was prepared using actuarial data, methods, and assumptions as disclosed in the most recent actuarial valuation report adopted by the Public Retirement Systems' Actuarial Committee (PRSAC). The assumptions and methods are reasonable for the purpose of this analysis.

Conflict of Interest

There is nothing in the proposed legislation that will compromise the signing actuary's ability to present an unbiased statement of actuarial opinion.

Risks Associated with Measuring Costs

This actuarial note is an actuarial communication and is required to include certain disclosures in compliance with Actuarial Standards of Practice (ASOP) No. 51. Risk disclosures otherwise required by ASOP No. 51 do not apply to this actuarial note because the proposed bill does not significantly change the types or levels of risks of the retirement system.

VI. LEGISLATIVE PROCEDURAL ITEMS

Information Pertaining to La. Const. Art. X, §29(F)

- This bill contains a retirement system benefit provision having an actuarial cost.

No member of a retirement system, or their beneficiary, would receive a larger benefit with the enactment of this bill than what they would have received without this bill.

Dual Referral Relative to Total Fiscal Costs or Total Cash Flows:

The information presented below is based on information contained in Sections II, III, and IV for the first three years following the 2026 Regular Session.

Senate

- 13.5.1 Applies to Senate or House Instruments
If an annual fiscal cost \geq \$100,000, then bill is dual referred to:
Dual Referral: Senate Finance

- 13.5.2 Applies to Senate or House Instruments
If an annual tax or fee change \geq \$500,000, then bill is dual referred to:
Dual Referral: Revenue and Fiscal Affairs

House

- 6.8F Applies to Senate or House Instruments
If an annual General Fund fiscal cost \geq \$100,000, then bill is dual referred to:
Dual Referral: Appropriations

- 6.8G Applies to Senate Instruments only
If a net fee decrease occurs or is an increase in annual fees and taxes \geq \$500,000, then bill is dual referred to:
Dual Referral: Ways and Means
