EXPENDITURE EXPLANATION

Proposed law may result in a nominal increase in SGF expenditures to the Office of Drug Policy and the Louisiana Highway Safety Commission to facilitate the Governor's Task Force on Impaired Driving. Proposed law requires these entities to provide staff, facilities, and resources to the task force. Any costs for administration are unknown but will likely be absorbed in the existing operating budget of each respective entity.

The task force consists of 23 members, who shall serve without salary or per diem, but can be reimbursed for travel, lodging, and related expenses related to the task force. Members who are employees or an elected public official of the state or a political subdivision can seek reimbursement of travel expenses from their employing government agency in accordance with state travel guidelines. Members who are also a member of the Louisiana Legislature may seek a per diem from the House of Representatives or Senate. The current legislative per diem rate is \$178 per day. Actual expenditures are dependent on the number of meetings a year (at least four), the actual mileage traveled to attend the meeting, and whether lodging is required. The LFO assumes any costs related to travel and lodging can be absorbed within the existing budgetary resources of each respective agency.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
