Subject: Homelessness Court Program, Streets to Success Act		

COURTS EN SEE FISC NOTE GF EX Page 1 of 2
 Provides relative to the creation, administration, and eligibility requirements of the Homelessness Court program

Proposed law authorizes each district court by rule to designate one or more divisions as a Homelessness Court program, and for its purpose, goals, creation, participation eligibility, screening, assessments, and probationary conditions; provides for a defendant's right to counsel, duties of the defendant, court and DA, and disposition of the defendant upon satisfactory completion of or failure to complete the program; creates the crime of unauthorized camping on public property and assesses six months imprisonment, or no more than \$500 fine, or both, for those convicted; provides that an offender in violation of unauthorized camping on public property may be eligible for the program, if available in the jurisdiction and the offender meets requirements for participation; provides that no political subdivision shall authorize any person to regularly engage in public camping on a public property; provides that a political subdivision may by majority vote of the its governing body, designate property owned by the political subdivision or municipality to be used for a continuous period of no longer than one year for public camping, subject to certain conditions, and that the political subdivision shall notify the department within 10 days of designating the property to be used for that purpose, subject to certain standards; provides for housing and services for homeless individuals; provides for eligibility for participation in a Veterans Court Program for those in violation of the proposed law; provides that a good faith enforcement, investigation, or prosecution of an alleged violation of the proposed law by a political subdivision or its employees is a policy making or discretionary act with immunity; provides for limits on constitutional claims; provides for property removal and storage; provides for its effective date.

EXPENDITURE EXPLANATION

Proposed law may result in an indeterminable increase in Local Funds expenditures, to the extent that a person is convicted of unauthorized camping on public property. Proposed law creates a misdemeanor offense. The exact fiscal impact of this legislation to local governing authorities is indeterminable, since it is not known how many people will be convicted and incarcerated in local facilities, nor the length of the sentences assessed with those convictions as a result of its potential enactment. The maximum imprisonment term at the local level is no more than six months.

There is no anticipated direct material effect on state governmental expenditures as a result of this measure because this legislation creates a misdemeanor offense; therefore, these offenders will not be sentenced to the Department of Public Safety & Corrections - Corrections Services (DPS&C-CS).

District Courts

This bill may result in an indeterminable increase in state and/or local expenditures. The bill provides that each district court may authorize the establishment of a homelessness court program, which is permissive (and not mandatory). The exact fiscal impact is indeterminable since it is not known how many judicial districts will actually create these specialized court programs. The specific expenditures associated with the establishment of a homelessness court program are dependent upon the size and scope of the homelessness court. To the extent that the homelessness court involves hearings above the normal current court activity, the district courts will likely experience an increase in expenditures. However, such costs may be mitigated, as it is possible that some of the cases that would have otherwise been heard in an existing division will now be transferred and heard in the homelessness court.

Louisiana Department of Health

Proposed law may result in an indeterminable impact to SGF expenditures in the Louisiana Department of Health and Local Funds expenditures, to the extent that clients of mental health, controlled substance, or other related treatment and rehabilitative services receive treatment at a state facility. There could be an indeterminable increase in any state and/or federal costs associated with such treatment. This bill provides that those who are eligible for and enroll in the homelessness court program may access a continuum of alcohol, controlled substance, mental health, suicide assessment, intervention, treatment, and management, and other related treatment and rehabilitative services, which could result in an indeterminable increase in any state funded treatment programs that may collaborate with the homelessness court. For the purposes of simplicity, the potential impact of this legislation is reflected above as SGF and local funds.

[CONTINUED ON PAGE TWO]

REVENUE EXPLANATION

Proposed law may result in an indeterminable increase in local revenues as a result of convictions for unauthorized camping on public property. The exact fiscal impact of the passage of this legislation on local revenue is indeterminable, as the fines that would be imposed on those convicted are optional, and the amount of fines, if imposed, may vary. The potential revenue will accrue to the local governing authority.

Senate Dual Referral Rules
 13.5.1 >= \$100,000 Annual Fiscal Cost {S & H}
 13.5.2 >= \$500,000 Annual Tax or Fee Change {S & H}

House
 6.8(F)(1) >= \$100,000 SGF Fiscal Cost {H & S}
 6.8(G) >= \$500,000 Tax or Fee Increase or a Net Fee Decrease {S}

CONTINUED EXPLANATION from page one:

[CONTINUED FROM PAGE ONE]

Louisiana Department of Health

Proposed law may result in an indeterminable impact to SGF expenditures in the Louisiana Department of Health and Local Funds expenditures, to the extent that clients of mental health, controlled substance, or other related treatment and rehabilitative services receive treatment at a state facility. There could be an indeterminable increase in any state and/or federal costs associated with such treatment. This bill provides that those who are eligible for and enroll in the homelessness court program may access a continuum of alcohol, controlled substance, mental health, suicide assessment, intervention, treatment, and management, and other related treatment and rehabilitative services, which could result in an indeterminable increase in any state funded treatment programs that may collaborate with the homelessness court.

For the purposes of simplicity, the potential impact of this legislation is reflected above as SGF and local funds.

Office of State Fire Marshal (OSFM)

Proposed law may result in an indeterminable impact to SGF expenditures in the Office of the State Fire Marshall, to the extent that it assists with housing and services for individuals experiencing homelessness by conducting inspections of emergency shelters, community facilities, group homes, and halfway houses to verify that the housing options available to individuals experiencing homelessness are safe and sanitary. The agency indicates that the impact is indeterminable because there is no way to estimate the number of emergency shelters, community facilities, group homes, and halfway houses that will require annual inspections resulting from this measure.
