

## RÉSUMÉ DIGEST

**ACT 625 (HB 196)**

**2026 Regular Session**

**Beaulieu**

Existing law allows every teacher employed by a parish or city school board 10 days of absence per school year for personal illness or because of other emergencies or special circumstances, without loss of pay. Authorizes every such teacher, except those who receive annual leave, to take a maximum number of days of personal leave every school year, which are deducted from those 10 days. Prior law allowed up to two days of personal leave each school year. New law increases the number of allowable days of personal leave per school year from two to four.

Effective August 1, 2026.
