HB No. 801

Abstract: Provides exceptions for the prohibition of contractors competing for contracts for which they developed the bid specifications or request for proposal.

Present law prohibits a contractor who hold a contract with an agency to develop bid specifications or request for proposals to compete for the same contract.

Proposed law retains present law and provides exceptions for architectural and engineering programming, master planning, or any other services that do not establish selection qualifications or evaluation criteria for the procurement of an architect or engineer.
