HB No. 586

Abstract: Relative to the Louisiana State Employees' Retirement System (LASERS) and the Teachers' Retirement System of Louisiana (TRSL), grants a minimum benefit increase to certain retirees (or their beneficiaries) who on 6/30/09, have 30 or more years of service credit, are receiving a monthly retirement benefit less than \$1,200, are at least 60 years old, and have been retired for at least 15 years. Such increase shall equal the lesser of \$300 or the amount necessary to raise the retiree/beneficiary's monthly benefit to \$1,200.

<u>Proposed law</u> relative to the Louisiana State Employees' Retirement System (LASERS) and the Teachers' Retirement System of Louisiana (TRSL), provides a monthly benefit increase to:

- (1) Any retiree who on 6/30/09, meets the following criteria:
 - (a) He has 30 or more years of service credit.
 - (b) He has been retired for 15 years or more.
 - (c) He receives a monthly retirement benefit of less than \$1,200 dollars.
 - (d) He is at least 60 years of age.
 - (e) He has neither participated in the Deferred Retirement Option Plan (DROP) nor chosen the Initial Benefit Option (IBO).
- (2) Any nonretiree beneficiary of a retiree who would meet the above criteria if the retiree were alive.
- (3) Any unmarried surviving spouse, minor child, or mentally or physically handicapped child of a deceased member, which survivor is receiving a monthly retirement benefit of less than \$1,200 on 6/30/09, the deceased member would have met all of the following criteria:
 - (a) He has been retired for at least 30 years.
 - (b) He has been deceased for 15 years or more.
 - (c) He would have been at least age 60.
 - (d) He did not participate in DROP.

<u>Proposed law</u> provides that such increase shall be in the form of an increase to a retiree's or beneficiary's monthly benefit in an amount equal to the lesser of \$300 per month or the amount necessary to increase his monthly benefit to \$1,200.

<u>Present law</u> provides several payment options for retirement benefits, which a retiree may choose if he wishes benefits to continue being paid to a designated beneficiary upon his death. Such options will reduce the amount of the monthly benefit that a retiree receives during his lifetime, and may in turn reduce the amount of the monthly benefit that his beneficiary receives upon his death.

<u>Proposed law</u> provides that if any beneficiary to whom <u>proposed law</u> applies is receiving a monthly benefit based upon an optional allowance pursuant to <u>present law</u>, which amount is less than that received by the retiree while alive, the amount of the increase payable pursuant to <u>proposed law</u> shall be prorated based upon the option chosen.

<u>Present law</u> generally provides for survivor benefits for certain survivors of deceased members which members died prior to applying for retirement.

<u>Proposed law</u> provides that any unmarried surviving spouse, minor child, or mentally or physically handicapped child, who is receiving a survivor benefit under <u>present law</u> shall receive a benefit increase pursuant to <u>proposed law</u>. Any person who is the sole survivor of such a member shall receive the lesser of \$300 per month or the amount necessary to increase his monthly benefit to \$1,200. If there are multiple persons receiving such survivor benefits, an increase of \$300 per month shall be shared equally among them.

<u>Present law</u> generally provides for an employee experience account from which all LASERS and TRSL cost-of-living adjustments are payable.

<u>Proposed law</u> provides that funding for the benefit increase payable pursuant to <u>proposed law</u> shall come from the employee experience account.

Effective July 1, 2009.
