

HOUSE SUMMARY OF SENATE AMENDMENTS

House Bill No. 1236 by Representative Leger

MTR VEHICLE/DRIVER LIC: Provides for suspension of driver's license upon premature removal of ignition interlock device

Synopsis of Senate Amendments

1. Provides that upon reinstatement of driving privileges following suspension pursuant to proposed law , the driver will receive credit only for the time period when the ignition interlock device was installed and functioning.

Digest of Bill as Finally Passed by Senate

Proposed law requires DPS&C to suspend the driver's license of drivers who prematurely disable an ignition interlock device installed as a condition of reinstated driving privileges.

Proposed law provides that the suspension shall last until the driver provides proof that the ignition interlock has been reinstalled and applicable reinstatement fees have been paid.

Proposed law provides that upon reinstatement of driving privileges following suspension pursuant to proposed law , the driver will receive credit only for the time period when the ignition interlock device was installed and functioning.

(Adds R.S. 32:667(J))
