

Regular Session, 2011

SENATE RESOLUTION NO. 15

BY SENATOR MORRELL

ENVIRONMENT QUALITY DEPT. Directs DEQ to conduct soil sampling on certain dredged material.

A RESOLUTION

To direct the secretary of the Department of Environmental Quality to conduct soil sampling on material dredged along the right descending bank of the Mississippi River Gulf Outlet at the confluence of the Inner Harbor Navigation Canal in Orleans Parish with the permit applicant paying the cost of such sample.

WHEREAS, in 2008, the United States Army Corps of Engineers requested a water quality certification to widen and improve the Inner Harbor Navigation Canal; and

WHEREAS, there were one hundred thirteen constituents of concern sampled at twenty-four sampling sites; and

WHEREAS, the Department of Environmental Quality determined the samples had values within non-industrial standards; and

WHEREAS, the Department of Environmental Quality did not receive any public comments and issued the water quality certification in May of 2009; and

WHEREAS, in February of 2011, Southern Recycling requested a water quality certification to dredge for installation of a dock for barge access near their Florida Avenue site; and

WHEREAS, there is concern about possible contaminants in the dredged material due to one hundred thirteen constituents of concern found in the 2008 sampling; and

1 WHEREAS, R.S. 30:2011(D)(2) authorizes the secretary of the Department of
2 Environmental Quality to require such conditions in individual instances as are necessary
3 to assure compliance with applicable laws and regulations.

4 THEREFORE, BE IT RESOLVED that the Senate of the Legislature of Louisiana
5 does hereby direct the secretary of the Department of Environmental Quality to conduct soil
6 sampling along the right descending bank of the Mississippi River Gulf Outlet at the
7 confluence of the Inner Harbor Navigation Canal in Orleans Parish with the permit applicant
8 paying the cost of such sample.

9 BE IT FURTHER RESOLVED that a copy of this Resolution be transmitted to
10 Southern Recycling and to the secretary of the Department of Environmental Quality.

The original instrument and the following digest, which constitutes no part
of the legislative instrument, were prepared by Cathy Wells.

DIGEST

Morrell

SR No. 15

Directs the secretary of DEQ to conduct soil sampling along the right descending bank of the Mississippi River Gulf Outlet at the confluence of the Inner Harbor Navigation Canal in Orleans Parish with the permit applicant paying the cost of such sample.
