MILITARY AFFAIRS OR +\$9,000,000 SD EX See Note Page 1 of 2
Provides for death and disability benefits for La. National Guardsmen

The proposed legislation provides that during periods of activation of a Louisiana National Guardsman ordered by the governor or by the President of the United States subsequent to September 11, 2001, benefits in a lump sum amount of \$250,000 for a qualifying death and \$100,000 for a qualifying disability shall be paid by the state to a guardsman or his beneficiary. A qualifying disability means a one hundred percent disability rating, excluding temporary ratings, as determined by the United States Department of Veterans Affairs and certified by the secretary of the Louisiana Department of Veterans Affairs in a final adjudication of the initial rating decision.

EXPENDITURE EXPLANATION

The proposed legislation will result in an increase in state expenditures of a minimum of \$9.0 million in FY 12.

HB 1 of 2011 contains an \$8 M appropriation from the Overcollections Fund (supplementary budget recommendation contingent upon the legislative approval of transfer of fund balances, not including the sale of correctional facilities, delineated in the funds bill to the Overcollections Fund) for death benefits to be paid to survivors of LA National Guardsmen (LANG) who lost their lives between the period of 9/11/2001 and 7/6/2007. During this time, 32 members of the LANG were killed during periods of activation by the Governor or the President of the United States. The payment of the lump sum of \$250,000 to each beneficiary will cost a total of \$8 M. However, this appropriation does not provide for LANG who were injured during this time period and determined to have a qualifying disability which would allow for a payment of \$100,000/eligible person.

The Dept. of Veterans Affairs indicates that there are 10 known disability cases which are eligible should this legislation be enacted as per names provided to the Department of Veterans Affairs by the Military Department. The Dept. of Veterans Affairs has also indicated that there may be other cases pending with the U.S. Dept. of Veterans Affairs which are currently unknown to the department. The LFO has requested the total number of persons that may be in the appeals process and will update this fiscal note upon receipt. Therefore, at a minimum, an additional \$1,000,000 will be necessary to fund the benefits for those members who are known to qualify should this legislation be enacted. To the extent that additional members are determined to be eligible upon appeal, an additional \$100,000 per member will be required to make such payments. The Dept. of Veterans Affairs indicates that there is no time limit to the appeals process.

CONTINUED EXPLANATION from page one: Page 2 of 2
Expenditures Continued:

Act 260 of 2007 provided benefits for LA National Guardsmen that were either killed or injured (100% permanent and total disabled) during periods of activation that were ordered by the governor or the President of the United States on or after 7/7/2007. Those members who have 100% permanent and total disability are eligible for a lump-sum payment of \$100,000. Beneficiaries of LA National Guardsmen killed while on active duty participating in military business received a lump-sum payment of \$250,000. Since this legislation was enacted, there have been no payments associated with 100% permanent and total disability. However, there have been 12 payments of \$250,000 to beneficiaries of LANG members killed during this time period. Six (6) payments were made in FY 10 and 6 additional payments have been made in FY 11.
