Roy HB No. 361

Abstract: Defines "news-gathering organization" for purposes of access to accident reports.

Present law requires state police, any local police department, or any sheriff's office to provide copies of crash reports to any interested person upon request. Authorizes these agencies to charge a fee not to exceed the sum of $5 per report which does not exceed two pages and $7.50 per report which exceeds two pages.

Present law provides that the information contained in the accident reports shall be confidential, exempt from the provisions of the public records laws, and shall be made available only to parties of the accident; insurers of any party subject to the report; the succession representatives; or to a news-gathering organization that requests documents related to the accident. Present law further provides that the report shall be made available to these persons within seven working days following completion of the accident investigation.

Proposed law retains present law and defines "news-gathering organization" as members of a press association that can provide documentation of such membership.

(Amends R.S. 32:398(K)(1)(a))

Summary of Amendments Adopted by House

Committee Amendments Proposed by House Committee on Judiciary to the original bill.

1. Removed provisions from the bill regarding confidentiality, availability of accident reports, and restrictions on the type of information which may be redacted from accident reports.

2. Added the definition of "news-gathering organization".
