DIGEST

Marionneaux SR No. 66

Proposed rule provide for certain motions and for certain vote requirements relative to an appropriation bill when one-time money is appropriated for recurring expenses.

Proposed rule provides that no motion, the effect of which is to finally pass an appropriation bill, which appropriates one-time money for ordinary recurring expenses shall be in order unless immediately prior to such a motion, a separate motion to authorize such is adopted by a favorable vote of at least two-thirds of the members present and voting and further requires the favorable vote of at least two-thirds of the members present and voting to adopt a floor amendment which appropriates one-time money for ordinary recurring expenses. Defines "one-time money" as money available for appropriation from any special treasury fund excluding any monies forecast to be dedicated into that fund by the Revenue Estimating Conference in the official forecast for that fiscal year or money available for appropriation from the state general fund from one time transactions, but not recognized as nonrecurring revenue by the Revenue Estimating Conference, including but not limited to court settlements, the sale of state facilities, and the privatization of state operations. Defines "ordinary recurring expenses" as all expenses of a continuing or recurring character, that in the normal course of administration, may be expected to be necessary in approximately the same amounts each year.

(Adds Senate Rule 12.14)
