DIGEST

Heitmeier (SB 177)

<u>Proposed law</u> grants a non-refundable credit against individual income tax in an amount equal to the deduction from gross income properly taken by a resident taxpayer on his federal income tax return for the same tax period for interest paid by the resident taxpayer, or interest paid on behalf of a resident spouse or dependent, during that tax period for a qualified education loan incurred to pay qualified higher education expenses. However, the resident taxpayer, spouse, or dependent must be a graduate from the baccalaureate level and the education loan must be a loan for education above the baccalaureate level.

<u>Proposed law</u> specifically prohibits the credit to a taxpayer if he, or the spouse or dependent for whom the credit is taken, is not a resident of the state of Louisiana for the tax period for which the credit is taken.

Applicable to tax years beginning on and after January 1, 2011.

Effective upon signature of the governor or lapse of time for gubernatorial action.
