Opp. Chamb. Action:

Proposed Amd.:

Sub. Bill For.:

Date: June 20, 2011	11:24 AM	Author: WILLARD-LEWIS
Dept./Agy.: Revenue		
Subject: State and local sales tax exemption for non-profit builder		Analyst: Deborah Vivien

TAX/TAXATION

EN -\$112,000 GF RV See Note

Page 1 of 1

Exempts the sale of construction materials to the Make It Right Foundation from state and local sales tax when such materials are intended for use in constructing new residential dwellings in this state. (7/1/11)

Proposed Law: Provides an exemption from state and local sales tax on construction materials purchased by the Make It Right Foundation for new residential construction in Louisiana.

Effective July 1, 2012

EXPENDITURE EXPLANATION

There are no administrative costs anticipated as a result of this legislation. According the the Department of Revenue (LDR), implementation will require the approval and issuance of exemption certificates for the qualifying taxpayer, which is an on-going activity within LDR. Any additional costs associated with this legislation, which are not expected to be material, will be absorbed within the current budget.

REVENUE EXPLANATION

The Make It Right Foundation is a nonprofit organization founded by the actor, Brad Pitt, in 2007 to build affordable, green, high design homes in place of those devastated by Hurricanes Katrina and Rita in the Lower Ninth Ward of New Orleans. According to the Foundation, the group has completed construction of about 71 homes since its inception and are continuing to complete about 79 more with an average cost of construction materials purchased in Louisiana of \$120,000. At 4%, the state sales tax per home would be \$4,800. Assuming a rate of 4.875% (most sales are expected in Jefferson Parish with 8.75% sales tax rate and Orleans Parish at 9%), the local sales tax per home would be \$5,850. Assuming all 150 planned homes are constructed over 3 years and 70 homes will be remaining by July 1, 2011, the state general fund would decline by an estimated \$112,000 per year (\$4,800 * 70/3) through FY 13/14. The bill becomes effective in FY 12/13 and, presumably, the project will continue its construction schedule as currently planned. Local sales tax is expected to decline by an estimated \$135,600 annually (\$5,850 * 70/3) through FY 13/14. The actual timing of construction and purchase of materials will determine the actual annual impact to the state general fund and local funds.
