Provides for the reduction of a defendant's sentence for substantial assistance in an investigation

Proposed legislation allows the court to reduce a defendant's sentence, if after sentencing, the defendant provided substantial assistance in furtherance of the investigation or prosecution of another person. Proposed legislation provides that if the court reduces the sentence to a time period which is less than the minimum sentence provided by law, the sentence shall not be imposed without the consent of the district attorney. Proposed legislation provides for a memorandum of understanding between the prosecuting attorney and the defendant for a reduction of sentence for assistance by the defendant in the investigation or prosecution of another person.

EXPENDITURE EXPLANATION

The proposed legislation may result in a decrease in state general fund expenditures. The exact fiscal impact of the passage of this legislation is indeterminable since it is not known how many offenders would provide substantial assistance in an investigation or prosecution of another person. However, any offender in the custody of the Department of Public Safety and Corrections that receives a reduced sentence by the court would decrease expenditures by $24.39 per day per offender in local facilities. To the extent the offender is housed in a state facility, the decrease in expenditures would be $55.78 per day per offender. Currently, the Department of Corrections houses 50% of state offenders at the local level and 50% at the state level.

It should be noted that if another person is convicted and sentenced into DOC custody because of information received from the offender, expenditures may increase for housing that offender.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
