To enact Subpart A-1 of Part II of Chapter 3 of Title 46 of the Louisiana Revised Statutes of 1950, to be comprised of R.S. 46:236.1, relative to the Supplemental Nutrition Assistance Program; to provide for legislative findings; to provide for nutrition education; to establish certain reporting requirements for the Department of Children and Family Services; and to provide for related matters.

SUBPART A-1. NUTRITION ASSISTANCE

§236.1. Legislative findings; Supplemental Nutrition Assistance Program educational component; reporting requirements

A. The legislature finds and declares the following:

(1) The program still commonly known as "food stamps" was renamed the Supplemental Nutrition Assistance Program (SNAP) in October 2008. SNAP is administered at the federal level by the United States Department of Agriculture Food and Nutrition Service (FNS) and at the state level by the Louisiana Department of Children and Family Services, hereafter referred to as "department".

(2) SNAP is the cornerstone of the federal food assistance programs and provides crucial support to needy households and to those making the transition from welfare to work.

(3) By federal policy, SNAP benefits may be used only for the purchase of nonalcoholic beverages and food which is not hot at the point of sale and may not be used to purchase any nonfood items.

(6) It is the public policy of this state to support basic health, human welfare, education, and self-sufficiency among its most vulnerable citizens. Effective educational efforts, including nutrition education, are necessary for this state to promote better health and break its historic cycle of generational poverty.

B. In addition to any SNAP Education services conducted by contractors of the department, the department shall provide printed nutrition education resource materials directly to the heads of all SNAP beneficiary households. The department may develop or utilize materials at its discretion in order to satisfy the provisions of this Subsection, provided that such materials include the Core Nutrition Messages, or any successor resources, developed by FNS. The department shall provide such materials to every head of a SNAP beneficiary household at the following intervals:

(3) Any interval which the department deems advantageous and feasible.

C. The SNAP Education program of this state and all subcontractors and affiliates of such program shall utilize the Core Nutrition Messages, or any successor resources, developed by FNS.

D. On or before March first annually, the department shall submit to the House Committee on Health and Welfare and the Senate Committee on Health and Welfare a comprehensive report on the SNAP Education program. The report shall include but not be limited to the following items:
