

Present law, relative to the Teachers' Retirement System of Louisiana (TRSL), prohibits any TRSL retiree other than a "retired teacher" from receiving a retirement benefit while reemployed. Provides that anyone other than a "retired teacher" shall have his benefit suspended during reemployment. Defines "retired teacher" as:

- (1) Any retired member who returns to work full time or part time as a classroom teacher offering instructional services to any student in grades K through 12 in a "critical shortage area".
- (2) Any other retired member reemployed on or before June 30, 2010.
- (3) Any retired member who returns to active service as a full-time certified speech therapist, speech pathologist, or audiologist whose position of employment requires a valid La. ancillary certificate approved and issued by the state Dept. of Education in a school district where a shortage exists.

Proposed law would have added to the definition of "retired teacher", and therefore to the list of reemployed retirees who may receive a benefit during reemployment, any retiree reemployed to teach in an adult education or literacy program administered through a K through 12 school.

Proposed law would have provided that the earnings of any such person could not exceed 25% of his retirement benefit in any fiscal year. Would have provided that if earnings exceed this amount, such person's retirement benefit would have been reduced by the amount in excess of the 25%.

Present law requires an employer to submit to TRSL certain information after the end of each fiscal year, including the name of all persons being paid by the employing agency, their social security numbers, and the amount of their earnings during the previous fiscal year. Proposed law would have required additionally that the employer report to TRSL an employee's status as part-time or full-time.

Proposed law would have required that any cost of proposed law be funded with additional employer contributions in compliance with Art. X, Sec. 29(F) of the Const. of La.

Would have become effective if and when the Act which originated as Senate Bill No. 6 of the 2011 Regular Session of Legislature became effective. Senate Bill No. 6 was vetoed on July 1, 2011.
