HB No. 781

**Abstract:** Provides relative to the administration of multiple chemical tests for suspected drunken drivers.

Present law provides that when a law enforcement officer has probable cause to believe that a person has operated a vehicle while intoxicated, that person may not refuse to submit to a chemical test if he has refused to submit to such test on two previous and separate occasions of any previous such violation or in any case wherein a fatality has occurred or a person has sustained serious bodily injury.

Proposed law authorizes the administration of multiple chemical tests of suspected drunken drivers.
