EXPENDITURE EXPLANATION

The proposed legislation will result in an indeterminable decrease in state expenditures.

The legislation would reduce the present work day for commissioners, commissioners-in-charge, registrars and employees in the registrar's offices, and clerks of court and employees in the clerks of court offices from the present 15 hour day (5:30 a.m. - 8:30 p.m.) to a 14 hour day (6:30 a.m. - 8:30 p.m.) by reducing 1 hour of the election voting day in the morning. Payments to commissioners and commissioners-in-charge would remain the same at \$200 and \$250/\$300 respectively. Compensation to commissioners and commissioners-in-charge is mandated in R.S. 18:526.1.

The registrars of voters and its employees earn compensatory time on election day, so there is no cost savings relative to the registrars offices. The clerks of court bill the state for its employees hours, so this bill should be reduced by 1 hour per employee. Based on the average hourly overtime rate of \$24.58 and 14 average workers in each clerks of court office, the 1 hour savings for each statewide election would be approximately \$22,024 (14 employees x \$24.58 per hour x 64 parishes = \$22,023.68).

No statewide elections are scheduled in FY 13 (after the effective date of the legislation) or in FY 14. Two statewide elections are scheduled in each of the following fiscal years: FY 15, FY 16, and FY 17. At least \$44,047 (14 employees x \$24.58 per hour x 64 parishes x 2 statewide elections = \$44,047.36) is anticipated to be saved each fiscal year in 2015, 2016, and 2017.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
