## DIGEST

Guillory (SB 52)

Present law establishes the rates at which members of retirement systems contribute to their retirement plans ranging from 7.5% to 11.5%. Proposed law increases the contribution rates for members of the Louisiana State Employees' Retirement System (LASERS) who are employed in "nonhazardous" positions and the Teachers' Retirement System of Louisiana (TRSL) who are employed in higher education by 2 percentage points in four steps of 0.5% each.

Proposed law does not increase contribution rates for the following LASERS employees in hazardous duty jobs including certain public safety service employees and peace officers, wildlife agents, bridge police, members of the Hazardous Duty Services Plan. Also does not increase contributions for members of the optional retirement plan.

Proposed law specifies that the additional employee contributions resulting from proposed law shall be applied to the unfunded accrued liability (UAL) of each system, without reamortization, until all such liability is fully liquidated.

Present law provides that valuations shall be presented by the Legislative Auditor's Office and the retirement system to the Public Retirement Systems' Actuarial Committee (PR SAC) for consideration. Proposed law expands the agencies which may present actuarial valuations to the Committee for consideration to include the Division of Administration, for the fiscal year beginning July 1, 2013.

Proposed law provides for an expedited hearing process if proposed law is subjected to legal challenges. Provides for severability if a court declares any provisions of proposed law to be unconstitutional as applicable to certain members of LASERS and TRSL, retaining application of proposed law to the remaining members of the system.

Effective July 1, 2012.

(Amends R.S. 11:62(5)(a), (c), and (e) and (11)(c); adds R.S. 11:62(11)(d) and 102(D))

### Summary of Amendments Adopted by Senate

#### Committee Amendments Proposed by Senate Committee on Retirement to the original bill
