Regular Session, 2012

HOUSE BILL NO. 1

BY REPRESENTATIVE FANNIN

APPROPRIATIONS: Provide for the ordinary operating expenses of state government for  
Fiscal Year 2012-2013

1 AN ACT

2 Making appropriations for the ordinary expenses of the executive branch of state  
3 government, pensions, public schools, public roads, public charities, and state  
4 institutions and providing with respect to the expenditure of said appropriations.

5 Be it enacted by the Legislature of Louisiana:

6 Section 1. The appropriations in this Act from state revenue shall be payable out of the  
7 sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the  
8 Louisiana Constitution.

9 Section 2. All money from federal, interagency, statutory dedications, or self-generated  
10 revenues shall be available for expenditure in the amounts herein appropriated. Any increase  
11 in such revenues shall be available for allotment and expenditure by an agency on approval  
12 of an increase in the appropriation by the commissioner of administration and the Joint  
13 Legislative Committee on the Budget. Any increase in such revenues for an agency without  
14 an appropriation from the respective revenue source shall be incorporated into the agency's  
15 appropriation on approval of the commissioner of administration and the Joint Legislative  
16 Committee on the Budget. In the event that these revenues should be less than the amount  
17 appropriated, the appropriation shall be reduced accordingly. To the extent that such funds  
18 were included in the budget on a matching basis with state funds, a corresponding decrease  
19 in the state matching funds may be made. Any federal funds which are classified as disaster  
20 or emergency may be expended prior to approval of a BA-7 by the Joint Legislative  
21 Committee on the Budget upon the secretary's certifying to the governor that any delay  
22 would be detrimental to the state. The Joint Legislative Committee on the Budget shall be

1 notified in writing of such declaration and shall meet to consider such action, but if it is  
2 found by the committee that such funds were not needed for an emergency expenditure, such  
3 approval may be withdrawn and any balance remaining shall not be expended.

4 Section 3.A. Notwithstanding any other law to the contrary, the functions of any  
5 department, agency, program, or budget unit of the executive branch, except functions in  
6 departments, agencies, programs, or budget units of other statewide elected officials, may  
7 be transferred to a different department, agency, program, or budget unit for the purpose of  
8 economizing the operations of state government by executive order of the governor.  
9 Provided, however, that each such transfer must, prior to implementation, be approved by  
10 the commissioner of administration and Joint Legislative Committee on the Budget. Further,  
11 provided that no transfers pursuant to this Section shall violate the provisions of Title 36,  
12 Organization of the Executive Branch of State Government.

13 B. In the event that any agency, budget unit, program, or function of a department is  
14 transferred to any other department, agency, program, or budget unit by other Act or Acts  
15 of the legislature, the commissioner of administration shall make the necessary adjustments  
16 to appropriations through the notification of appropriation process, or through approval of  
17 mid-year adjustments. All such adjustments shall be in strict conformity with the provisions  
18 of the Act or Acts which provide for the transfers.

19 C. Notwithstanding any other law to the contrary and before the commissioner of  
20 administration shall authorize the purchase of any luxury or full-size motor vehicle for  
21 personal assignment by a statewide elected official other than the governor and lieutenant  
22 governor, such official shall first submit the request to the Joint Legislative Committee on  
23 the Budget for approval. Luxury or full-sized motor vehicle shall mean or refer to such  
24 vehicles as defined or used in rules or guidelines promulgated and implemented by the  
25 Division of Administration.

26 D. Notwithstanding any provision of law to the contrary, each agency which has  
27 contracted with outside legal counsel for representation in an action against another agency,  
28 shall submit a detailed report of all litigation costs incurred and payable to the outside  
29 counsel to the commissioner of administration, the legislative committee charged with  
30 oversight of that agency, and the Joint Legislative Committee on the Budget. The report

1 shall be submitted on a quarterly basis, each January, April, July, and October, and shall  
2 include all litigation costs paid and payable during the prior quarter. For purposes of this  
3 Subsection, the term "litigation expenses" shall mean court costs and attorney fees of the  
4 agency and of the other party if the agency was required to pay such costs and fees. The  
5 commissioner of administration shall not authorize any payments for any such contract until  
6 such report for the prior quarter has been submitted.

7 E. Notwithstanding any provision of law to the contrary, each agency may use a portion  
8 of its appropriations contained in this Act for the expenditure of funds for salaries and  
9 related benefits for smoking cessation wellness programs, including pharmacotherapy and  
10 behavioral counseling for state employees of the agency.

11 F. Notwithstanding any provision of law to the contrary, any budget unit which provides  
12 for an increase in employee compensation, excluding differential pay adjustments, during  
13 Fiscal Year 2012-2013 from funds appropriated herein, shall submit within thirty days of  
14 such action a BA-7 unallotting the annual amount of the increase in employee compensation  
15 to the commissioner of administration who is hereby authorized and directed to approve the  
16 BA-7. The commissioner of administration shall submit a monthly report on those  
17 unallotments and the means of finance to the Joint Legislative Committee on the Budget.

18 Section 4. Each schedule as designated by a five-digit number code for which an  
19 appropriation is made in this Act is hereby declared to be a budget unit of the state.

20 Section 5.A. The program descriptions, account descriptions, general performance  
21 information, and the role, scope, and mission statements of postsecondary education  
22 institutions contained in this Act are not part of the law and are not enacted into law by  
23 virtue of their inclusion in this Act.

24 B. Unless explicitly stated otherwise, each of the program objectives and the associated  
25 performance indicators contained in this Act shall reflect the key performance standards to  
26 be achieved for the 2012-2013 Fiscal Year and shall constitute the set of key objectives and  
27 key performance indicators which are reportable quarterly for Fiscal Year 2012-2013 under  
28 the Louisiana Governmental Performance and Accountability Act, particularly R.S. 39:2(23)  
29 and (24) and R.S. 39:87.3. In the event that a department, agency, program, or governing  
30 board or commission is directed by language in this Act to prepare and submit new or

1 modified performance information, including but not limited to key and supporting  
2 objectives, performance indicators, and performance standards, such submission shall be in  
3 a format and method to be determined by the commissioner of administration. Unless  
4 otherwise specified in this Act, the submission of new or modified performance information  
5 shall be made no later than August 15, 2012. Such performance information shall be subject  
6 to the review and approval of both the Division of Administration and the Joint Legislative  
7 Committee on the Budget, or a subcommittee thereof.

8 Section 6. Unless expressly provided in this Act, funds cannot be transferred between  
9 departments or schedules receiving appropriations. However, any unencumbered funds  
10 which accrue to an appropriation within a department or schedule of this Act due to policy,  
11 programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner  
12 of administration and the Joint Legislative Committee on the Budget, be transferred to any  
13 other appropriation within that same department or schedule. Each request for the transfer  
14 of funds pursuant to this Section shall include full written justification. The commissioner  
15 of administration, upon approval by the Joint Legislative Committee on the Budget, shall  
16 have the authority to transfer between departments funds associated with lease agreements  
17 between the state and the Office of Facilities Corporation.

18 Section 7. The state treasurer is hereby authorized and directed to use any available  
19 funds on deposit in the state treasury to complete the payment of General Fund  
20 appropriations for the Fiscal Year 2011-2012, and to pay a deficit arising there from out of  
21 any revenues accruing to the credit of the state General Fund during the Fiscal Year 2012-  
22 2013, to the extent such deficits are approved by the legislature. In order to conform to the  
23 provisions of P.L. 101-453, the Cash Management Improvement Act of 1990, and in  
24 accordance with the agreement to be executed between the state and Financial Management  
25 Services, a division of the U.S. Treasury, the state treasurer is hereby authorized to release

15 commissioner of administration and Joint Legislative Committee on the Budget when

20 expenditure, the transferring agency shall require each recipient to agree in writing to  
21 provide written reports to the transferring agency at least every six months concerning the  
22 use of the funds and the specific goals and objectives for the use of the funds. In the event  
23 the transferring agency determines that the recipient failed to use the funds set forth in its  
24 budget within the estimated duration of the project or failed to reasonably achieve its  
25 specific goals and objectives for the use of the funds, the transferring agency shall demand  
26 that any unexpended funds be returned to the state treasury unless approval to retain the  
27 funds is obtained from the division of administration and the Joint Legislative Committee  
28 on the Budget. Each recipient shall be audited in accordance with R.S. 24:513. If the  
29 amount of the public funds received by the provider is below the amount for which an audit  
30 is required under R.S. 24:513, the transferring agency shall monitor and evaluate the use of

1 the funds to ensure effective achievement of the goals and objectives. The transferring  
2 agency shall forward to the legislative auditor, the division of administration, and the Joint

9 the Louisiana Revised Statutes of 1950 and the Constitution of the State of Louisiana to local  
10 governing authorities shall be exempt from the provisions of this Subsection.

11 (3) Notwithstanding any other provision of law or this Act to the contrary, if the name  
12 of an entity subject to Paragraph (B) of this Section is misspelled or misstated in this Act or  
13 any other Act, the state treasurer may pay the funds appropriated to the entity without  
14 obtaining the approval of the Joint Legislative Committee on the Budget, but only after the  
15 entity has provided proof of its correct legal name to the state treasurer and transmitted a  
16 copy to the staffs of the House Committee on Appropriations and the Senate Committee on  
17 Finance.

18 C.(1) Appropriations contained in this Act in the amount of \$237,659,592 are designated

2 sources, such supplementary budget recommendations shall be funded on a pro rata basis.

3 (3) The commissioner of administration is authorized to adjust other means of financing  
4 only to the extent necessary as a result of funding items contained herein from any  
5 supplementary budget recommendation.

6 D. The commissioner of administration is hereby authorized and directed to reduce the

8 them (\$55,000,000).

9 The commissioner of administration is further authorized and directed to eliminate the one-  
10 time money contained in the State General Fund (Direct) identified by the Legislative Fiscal
