Extends the time period in which an application for crime victims reparations is to be filed by certain applicants

Proposed legislation extends the time period in which an application for crime victims reparations can be filed. Proposed law provides that an application filed by a dependent or legal representative of a deceased victim of a homicide offense, or filed by a claimant, shall be filed within 5 years after the date on which the judgment of conviction becomes final or within 5 years after the date on which the supreme court denies the defendant's first application for appeal. Proposed legislation provides that during the sentencing for a crime, the judge shall inform the victim of the crime of the potential eligibility for an award of reparations.
