**EXPENDITURE EXPLANATION**

The program's administrative expenditures are funded entirely by fees collected from foreign visitors applying for sales tax refunds, and are not appropriated by the legislature.

**REVENUE EXPLANATION**

State general fund revenues and local revenues will decrease by an estimated \$872,000 per year and \$1.038 million per year, respectively, in FY10 - FY13 due to the proposed legislation. Under current law, the program continues through FY13 before this bill has impact.

After suffering from the effects of Hurricanes Katrina and Rita in 2005, reimbursing only \$669,000 in 2006, program reimbursements have risen to \$2.170 million in 2011. Barring economic slowdowns in the major countries sending visitors to the United States and Louisiana, comparable levels of reimbursements are likely throughout the fiscal note horizon. In the past, the program has reported that approximately 46% of total reimbursements are state sales taxes (\$1 million per year) and 54% are local taxes (\$1.17 million per year).

The average levels of participating purchases were \$216 and \$243 in 2010 and 2011, respectively, with average total sales tax reimbursements of \$64 and \$71, respectively.
