**2012 REGULAR SESSION
ACTUARIAL NOTE HB 1050**

Bill Information:

Current Law

Federal law requires retirement plans to provide special benefit rights to members serving in the military. Louisiana law pertaining to the Municipal Police Employees’ Retirement System (MPERS) does not contain these provisions.

Proposed Law

HB 1050 will bring MPERS into compliance with federal law.

Implications of the Proposed Changes

HB 1050 will bring MPERS into compliance with federal law. As a result MPERS will continue to maintain its status as a tax qualified retirement plan.

Cost Analysis:

Analysis of Actuarial Costs

Retirement Systems

Special benefit rights will be given to members of MPERS who serve in the military under certain circumstances. These new rights primarily pertain to the granting of service credits under special circumstances such as for benefits for survivors of members who die while in military service. Any increase in benefit rights under a retirement plan has an actuarial cost. The increase in actuarial cost is small to the point of being negligible.

Other Post Retirement Benefits

There are no actuarial costs associated with HB 1050 for post-retirement benefits other than pensions.

Analysis of Fiscal Costs

Changes in fiscal costs are summarized below:

Expenditures:

- 1. Expenditures from MPERS (Agy Self-Generated) will increase to the extent that a member will be entitled to special benefit rights that he otherwise may not have been entitled to. These expenditures are expected to be small to the point of being negligible.
- 2. Expenditures from Local Funds will increase to the extent that employer contribution requirements increase to pay for additional benefit and administrative costs. These expenditures are expected to be small to the point of being negligible.

Revenues:

- 1. Revenues for MPERS (Agy Self-Generated) are expected to increase to the extent that employer contribution requirements increase.

Actuarial Credentials:

Paul T. Richmond is the Manager of Actuarial Services for the Louisiana Legislative Auditor. He is an Enrolled Actuary, a member of the American Academy of Actuaries, a member of the Society of Actuaries and has met the Qualification Standards of the American Academy of Actuaries necessary to render the actuarial opinion contained herein.
