

Existing law authorizes the State Civil Service Commission and the State Police Commission to establish programs to allow full-time employees to pool certain types of leave and to allow any leave pooled under existing law to be used by a participating employee for a personal emergency when that employee has used all of his own annual, sick, and compensatory leave. Further establishes procedures and requirements for, as well as considerations authorized to be taken into account when, granting use of the pooled leave to an employee.

Existing law authorizes the donation, receipt, and use of annual and sick leave by participants in the program. New law further authorizes the donation, receipt, and use of compensatory time by participants in the program.

Effective upon signature of governor (June 7, 2012).
