EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure. The legislation corrects an omission in R.S. 30:215(A) that was inadverently removed by enactment of Act 196 of 2009. A senate committee amendment adopted prior to enrollment of Act 196 of 2009 reflected the existing statute that was being amended incorrectly. The amendment omitted a sentence in existing law stating "Such fee shall be determined by the State Mineral Board at least every six months or more often as necessary." This legislation seeks to correct that omission.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
