AN ACT

To amend and reenact R.S. 40:6(A) and R.S. 56:424(E) and 433(C), (G), and (J), to enact R.S. 40:6(H) and LAC 51:IX.3.335(B), and to repeal R.S. 56:433(D), relative to violations of oyster harvesting laws; to increase the penalties for harvesting from closed waters; to increase the penalties for harvesting in violation of the health time restrictions; to repeal the prohibition removal from the natural reefs of oysters for steamed oysters; and to provide for related matter.

Be it enacted by the Legislature of Louisiana:

Section 1. R.S. 40:6(A) is hereby amended and reenacted and R.S. 40:6(H) is hereby enacted to read as follows:

§6. Penalties for violation of state Sanitary Code

A. ~~Whoever~~ Except as provided otherwise in Subsection H of this Section, ~~whoever~~ violates any provision of the sanitary code, except those provisions dealing with isolation or quarantine of communicable disease, shall be fined not more than twenty-five dollars or be imprisoned for not more than ten days, or both, for the first offense. For the second offense, he shall be fined not less than twenty-five dollars nor more than fifty dollars or be imprisoned for not less than ten days nor more than thirty days, or both. For any subsequent offense, he shall be fined one hundred dollars or be imprisoned for not less than thirty days, or both.

* * *

1 C. No person shall take oysters from the natural reef of the waters of the
 2 state during the period beginning the day following the closing date set by the
 3 commission pursuant to Paragraph (B)(1) of this Section and ending the Tuesday
 4 following Labor Day, nor shall any person take oysters from the natural reefs during
 5 any closure of such reefs as set by the commission or department. No person shall
 6 can, shuck, or pack any oysters from the natural reefs during the closure period. This
 7 provision does not prevent any lessee of oyster bedding grounds from harvesting his
 8 own oysters and using them for personal home consumption or for sale during the
 9 time of closure.

10 * * *

11 G. No provisions of this Section shall prevent the department from
 12 exercising its option to close the natural grounds to all oyster fishing as provided in
 13 Subsection B, and no person shall take oysters from the natural reefs during any such
 14 closure.

15 * * *

16 J.(1) ~~A~~ Except for a violation of the provisions of Subsection C or G of this
 17 Section, violation of the provisions of this Section shall constitute a class two
 18 violation.

19 (2) A violation of Subsection C or G of this Section shall constitute a class
 20 six violation. In addition to the penalties associated with a class six violation, the
 21 violator shall be sentenced to perform no less than forty hours of community service.
 22 If available, the hours shall be served in a litter abatement community service
 23 program.

24 * * *

25 Section 3. LAC 51:IX.3.335(B) is hereby enacted to read as follows:

26 §335. Penalties Relative to Shell-Stock Refrigeration

27 * * *

1 B. Any violation of LAC 51:IX.3.327 through 333 shall constitute a class
 2 four violation as delineated in R.S. 56:34(A) but shall not include forfeiture of
 3 anything seized in connection with the violation as required by R.S. 56:34(B).
 4 Section 4. R.S. 56:433(D) is hereby repealed in its entirety.

HB No. 236

Abstract: Increases penalties for violations of laws regulating oyster harvest during health closures and health time restrictions.

Present law requires oysters to be transferred to refrigeration within one hour of harvest. Provides for a \$25 penalty for violation of such regulations. Proposed law provides that such violations constitute a class four violation punishable as follows:

1st offense	between \$400 & \$950	or	imprisonment for more than 120 days, or both
2nd offense	between \$750 & \$999	&	imprisonment between 90 and 180 days
3rd or more	between \$1,000 & \$5,000	&	imprisonment between 180 days and two years

Present law prohibits the harvest, possession, sale, trade, purchase, or exchange of oysters taken from areas not approved by the state health officer. Provides that violations of such prohibition are class four punishable as above. Present law, for a first violation, further provides for revocation of the oyster harvester license for the remainder of the period for which it was issued and for a second or subsequent offense, provides for revocation for three years.

Proposed law changes the penalties for such violations to class six violations punishable, for each offense, with a fine of between \$900 and \$950 or imprisonment for less than 120 days or both and forfeiture of anything seized.

In addition, for the first violation, the violator's oyster harvester license shall be revoked and a new license shall not be issued for one year from the date of conviction, and the violator shall be required to perform at least 40 hours of community service, litter abatement if available. During the period of revocation, proposed law allows the violator to be present on a vessel harvesting or processing oysters only if the vessel is equipped with and actively using a vessel monitoring system approved by the Dept. of Wildlife and Fisheries.

For a second violation, the violator's oyster harvester license shall be revoked and a new license shall not be issued for three years from the date of conviction and the violator shall be required to perform at least 90 hours of community service, litter abatement if available.

For a third or subsequent violation, the violator's oyster harvester license shall be revoked and a new license shall not be issued for 10 years from the date of conviction and the violator shall be required to perform at least 120 hours of community service, litter abatement if available. For a second or subsequent violation, the violator is prohibited from being on a vessel harvesting or processing oysters.

Present law prohibits the harvest of oysters from the natural reefs or seed grounds during any closure of such by the Wildlife and Fisheries Commission. Provides that violations are class two punishable as follows:

1st offense	\$100 - \$350	or	imprisonment not more than 60 days, or both
2nd offense	\$300 - \$550	&	imprisonment between 30 and 60 days
3rd or more	\$500 - \$750	&	imprisonment between 60 and 90 days, and forfeiture

Proposed law provides that such violations are class six punishable for each offense with a fine of between \$900 and \$950 or imprisonment for less than 120 days or both and forfeiture of anything seized. Further provides that violators shall perform 40 hours of community service, litter abatement if available.

Present law prohibits harvesting of oysters for steaming during a specified period of closure. Proposed law repeals present law.

(Amends R.S. 40:6(A) and R.S. 56:424(E) and 433(C), (G), and (J); Adds R.S. 40:6(H) and LAC 51:IX.3.335(B); Repeals R.S. 56:433(D))

Summary of Amendments Adopted by House

Committee Amendments Proposed by House Committee on Natural Resources and Environment to the original bill.

1. Relative to violations of the state requirements for oysters to be transferred to refrigeration within one hour of harvest, removed the provisions for forfeiture of anything seized in connection with the violation.
