TAX/SALES & USE EN NO IMPACT GF RV See Note Page 1 of 1
 Provides relative to the promulgation of guidelines for determining the definition of "sale at retail" for purposes of the exemption from the sales and use tax for certain agricultural commodities utilized in preparing crops or animals for market

Current law provides a sales tax exemption for retail sales of certain raw agricultural commodities utilized in preparing, finishing, manufacturing or producing crops or livestock for market. The Department of Agriculture is directed to promulgate rules outlining who meets this definition and provide a certificate indicating that such person is eligible.

Proposed law makes permissive the requirement that the Department of Agriculture promulgate rules providing guidelines for the qualification for the exemption
