Regular Session, 2014

HOUSE BILL NO. 1

BY REPRESENTATIVE FANNIN

APPROPRIATIONS: Provides for the ordinary operating expenses of state government for Fiscal Year 2014-2015

1 AN ACT

2 Making annual appropriations for Fiscal Year 2014-2015 for the ordinary expenses of the
3 executive branch of state government, pensions, public schools, public roads, public
4 charities, and state institutions and providing with respect to the expenditure of said
5 appropriations.

6 Be it enacted by the Legislature of Louisiana:

7 Section 1. The appropriations in this Act from state revenue shall be payable out of the
8 sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the
9 Louisiana Constitution.

10 Section 2. All money from federal, interagency, statutory dedications, or self-generated
11 revenues shall be available for expenditure in the amounts herein appropriated. Any increase
12 in such revenues shall be available for allotment and expenditure by an agency on approval
13 of an increase in the appropriation by the commissioner of administration and the Joint
14 Legislative Committee on the Budget. Any increase in such revenues for an agency without
15 an appropriation from the respective revenue source shall be incorporated into the agency's
16 appropriation on approval of the commissioner of administration and the Joint Legislative
17 Committee on the Budget. In the event that these revenues should be less than the amount
18 appropriated, the appropriation shall be reduced accordingly. To the extent that such funds
19 were included in the budget on a matching basis with state funds, a corresponding decrease
20 in the state matching funds may be made. Any federal funds which are classified as disaster
21 or emergency may be expended prior to approval of a BA-7 by the Joint Legislative

1 Committee on the Budget upon the secretary's certifying to the governor that any delay
2 would be detrimental to the state. The Joint Legislative Committee on the Budget shall be
3 notified in writing of such declaration and shall meet to consider such action, but if it is
4 found by the committee that such funds were not needed for an emergency expenditure, such
5 approval may be withdrawn and any balance remaining shall not be expended.

6 Section 3.A. Notwithstanding any other law to the contrary, the functions of any
7 department, agency, program, or budget unit of the executive branch, except functions in
8 departments, agencies, programs, or budget units of other statewide elected officials, may
9 be transferred to a different department, agency, program, or budget unit for the purpose of
10 economizing the operations of state government by executive order of the governor.
11 Provided, however, that each such transfer must, prior to implementation, be approved by
12 the commissioner of administration and Joint Legislative Committee on the Budget. Further,
13 provided that no transfers pursuant to this Section shall violate the provisions of Title 36,
14 Organization of the Executive Branch of State Government.

15 B. In the event that any agency, budget unit, program, or function of a department is
16 transferred to any other department, agency, program, or budget unit by other Act or Acts
17 of the legislature, the commissioner of administration shall make the necessary adjustments
18 to appropriations through the notification of appropriation process, or through approval of
19 mid-year adjustments. All such adjustments shall be in strict conformity with the provisions
20 of the Act or Acts which provide for the transfers.

21 C. Notwithstanding any other law to the contrary and before the commissioner of
22 administration shall authorize the purchase of any luxury or full-size motor vehicle for
23 personal assignment by a statewide elected official other than the governor and lieutenant
24 governor, such official shall first submit the request to the Joint Legislative Committee on
25 the Budget for approval. "Luxury or full-sized motor vehicle" shall mean or refer to such
26 vehicles as defined or used in rules or guidelines promulgated and implemented by the
27 Division of Administration.

28 D. Notwithstanding any provision of law to the contrary, each agency which has
29 contracted with outside legal counsel for representation in an action against another agency,
30 shall submit a detailed report of all litigation costs incurred and payable to the outside

1 counsel to the commissioner of administration, the legislative committee charged with
2 oversight of that agency, and the Joint Legislative Committee on the Budget. The report
3 shall be submitted on a quarterly basis, each January, April, July, and October, and shall
4 include all litigation costs paid and payable during the prior quarter. For purposes of this
5 Subsection, the term "litigation expenses" shall mean court costs and attorney fees of the
6 agency and of the other party if the agency was required to pay such costs and fees. The
7 commissioner of administration shall not authorize any payments for any such contract until
8 such report for the prior quarter has been submitted.

9 E. Notwithstanding any provision of law to the contrary, each agency may use a portion
10 of its appropriations contained in this Act for the expenditure of funds for salaries and
11 related benefits for smoking cessation wellness programs, including pharmacotherapy and
12 behavioral counseling for state employees of the agency.

13 Section 4. Each schedule as designated by a five-digit number code for which an
14 appropriation is made in this Act is hereby declared to be a budget unit of the state.

15 Section 5.A. The program descriptions, account descriptions, general performance
16 information, and the role, scope, and mission statements of postsecondary education
17 institutions contained in this Act are not part of the law and are not enacted into law by
18 virtue of their inclusion in this Act.

19 B. Unless explicitly stated otherwise, each of the program objectives and the associated
20 performance indicators contained in this Act shall reflect the key performance standards to
21 be achieved for the 2014-2015 Fiscal Year and shall constitute the set of key objectives and
22 key performance indicators which are reportable quarterly for Fiscal Year 2014-2015 under
23 the Louisiana Governmental Performance and Accountability Act, particularly R.S. 39:2(23)
24 and (24) and R.S. 39:87.3. In the event that a department, agency, program, or governing
25 board or commission is directed by language in this Act to prepare and submit new or
26 modified performance information, including but not limited to key and supporting
27 objectives, performance indicators, and performance standards, such submission shall be in
28 a format and method to be determined by the commissioner of administration. Unless
29 otherwise specified in this Act, the submission of new or modified performance information
30 shall be made no later than August 15, 2014. Such performance information shall be subject

1 to the review and approval of both the Division of Administration and the Joint Legislative
2 Committee on the Budget, or a subcommittee thereof.

3 Section 6.A. Unless expressly provided in this Act, funds cannot be transferred between
4 departments or schedules receiving appropriations. However, any unencumbered funds
5 which accrue to an appropriation within a department or schedule of this Act due to policy,
6 programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner
7 of administration and the Joint Legislative Committee on the Budget, be transferred to any
8 other appropriation within that same department or schedule. Each request for the transfer
9 of funds pursuant to this Section shall include full written justification. The commissioner
10 of administration, upon approval by the Joint Legislative Committee on the Budget, shall
11 have the authority to transfer between departments funds associated with lease agreements
12 between the state and the Office Facilities Corporation.

13 B. Pursuant to the authority granted to the Office of Information Technology in R.S.
14 39:15.1 through R.S. 39:15.3, or its successor, and in conjunction with the assessment of the
15 existing staff, assets, contracts, and facilities of each department, agency, program, or budget
16 unit's information technology resources, upon completion of this assessment and to the
17 extent optimization of these resources will result in the projected cost savings through staff
18 reductions, realization of operational efficiencies, and elimination of asset duplication, the
19 commissioner of administration is authorized to transfer the functions, positions, assets, and
20 funds from any other department, agency, program, or budget units related to this
21 optimization to a different department.

22 C. Pursuant to the authority granted to the Office of State Purchasing in R.S. 39:1564,
23 R.S. 39:1566, and R.S. 39:1571, and the Office of Contractual Review in R.S. 39:1488 and
24 R.S. 39:1490, or their successor, in conjunction with the assessment of the existing staff,
25 assets, contracts, and facilities of each department, agency, program, or budget unit's
26 procurement resources, upon completion of this assessment and to the extent optimization
27 of these resources will result in the projected cost savings through staff reductions,
28 realization of operational efficiencies, and elimination of asset duplication, the commissioner
29 of administration is authorized to transfer the functions, positions, assets, and funds from any

1 other department, agency, program, or budget units related to this optimization to a different
2 department.

3 Section 7. The state treasurer is hereby authorized and directed to use any available
4 funds on deposit in the state treasury to complete the payment of General Fund
5 appropriations for the Fiscal Year 2013-2014. In order to conform to the provisions of P.L.
6 101-453, the Cash Management Improvement Act of 1990, and in accordance with the
7 agreement executed between the state and Financial Management Services, a division of the
8 U.S. Treasury, the state treasurer is hereby authorized to release checks drawn on federally
9 funded appropriations prior to the receipt of funds from the U.S. Treasury.

10 Section 8.A.(1) The figures in parentheses following the designation of a program are
11 the total authorized positions and authorized other charges positions for that program. If
12 there are no figures following a department, agency, or program, the commissioner of
13 administration shall have the authority to set the number of positions.

14 (2) The commissioner of administration, upon approval of the Joint Legislative
15 Committee on the Budget, shall have the authority to transfer positions between departments,
16 agencies, or programs or to increase or decrease positions and associated funding necessary
17 to effectuate such transfers.

18 (3) The number of authorized positions and authorized other charges positions approved
19 for each department, agency, or program as a result of the passage of this Act may be
20 increased by the commissioner of administration in conjunction with the transfer of
21 functions or funds to that department, agency, or program when sufficient documentation
22 is presented and the request deemed valid.

23 (4) The number of authorized positions and authorized other charges positions approved
24 in this Act for each department, agency, or program may also be increased by the
25 commissioner of administration when sufficient documentation of other necessary
26 adjustments is presented and the request is deemed valid. The total number of such positions
27 so approved by the commissioner of administration may not be increased in excess of three
28 hundred fifty. However, any request which reflects an annual aggregate increase in excess
29 of twenty-five positions for any department, agency, or program must also be approved by
30 the Joint Legislative Committee on the Budget.

1 B. Orders from the Civil Service Commission or its designated referee which direct an
2 agency to pay attorney's fees for a successful appeal by an employee may be paid out of an
3 agency's appropriation from the expenditure category professional services; provided,
4 however, that an individual expenditure pursuant to this Subsection may not exceed \$1,500
5 in accordance with Civil Service Rule 13.35(a).

6 C. The budget request of any agency with an appropriation level of thirty million dollars
7 or more shall include, within its existing table of organization, positions which perform the
8 function of internal auditing.

9 D. In the event that any cost assessment allocation proposed by the Office of Group
10 Benefits becomes effective during Fiscal Year 2014-2015, each budget unit contained in this
11 Act shall pay out of its appropriation an amount no less than 75% of total premiums for all
12 active employees and those retirees with Medicare in accordance with R.S. 42:851(D)(1) for
13 the state basic health insurance indemnity program.

14 E. In the event that any cost allocation or increase adopted by the Joint Legislative
15 Committee on Retirement as recommended by the Public Retirement Systems' Actuarial
16 Committee becomes effective before or during Fiscal Year 2014-2015, each budget unit
17 shall pay out of its appropriation funds necessary to satisfy the requirements of such
18 increase.

19 Section 9. In the event the governor shall veto any line item expenditure and such veto
20 shall be upheld by the legislature, the commissioner of administration shall withhold from
