<u>Proposed law</u> prohibits a health care coverage plan from denying coverage for medically necessary treatment prescribed by a physician and agreed to by a fully informed insured or, if the insured lacks legal capacity to consent, by a person who has legal authority to consent on the insured's behalf, based solely on an insured's life expectancy or the fact that the insured is diagnosed with a terminal condition.

<u>Proposed law</u> prohibits a health benefit paid directly or indirectly with state funds including but not limited to Medicaid from denying coverage for medically necessary treatment prescribed by a physician and agreed to by a fully informed individual or, if the individual lacks legal capacity to consent, by a person who has legal authority to consent on the individual's behalf, based solely on an individual's life expectancy or the fact that the individual has been diagnosed with a terminal condition.

<u>Proposed law</u> provides that refusing coverage for medically necessary treatment to be rendered to an individual based solely on the individual's life expectancy or the fact that the individual is diagnosed with a terminal condition shall be a violation of <u>proposed law</u>.

<u>Proposed law</u> defines "health coverage plan" as any hospital, health or medical insurance policy, hospital or medical service contract, employee welfare benefit plan, contract or agreement with a health maintenance organization or a preferred provider organization, health and accident insurance policy, or any other insurance contract of this type, including a group insurance plan and the Office of Group Benefits programs.
