SCHOOLS OR SEE FISC NOTE LF EX Page 1 of 1  
Provides relative to assets or property acquired or used by charter schools under certain circumstances. (gov sig)

Proposed legislation provides that if a charter contracts with an entity to manage or operate the school, all assets used in the management and operation of the school shall be considered assets of the charter school. The bill would prohibit a charter school from leasing property from the same entity, or any of its affiliate or subsidiary, which it contracts with for the management or operation of the school.

**EXPENDITURE EXPLANATION**

There is no anticipated direct material effect on governmental expenditures as a result of this measure. The proposed legislation would ensure that all school facilities and assets remain with the state. To the extent a charter school is prohibited from a management agreement, and does not have the resources to operate the school without such an agreement, there could be limitations on the charter's ability to operate.

**REVENUE EXPLANATION**

There is no anticipated direct material effect on governmental revenues as a result of this measure.
