# SENATE COMMITTEE AMENDMENTS

Amendments proposed by Senate Committee on Education to Original Senate Concurrent Resolution No. 55 by Senator Appel

#### 1 AMENDMENT NO. 1

- 2 On page 1, line 6, between "systems," and "adopted" delete "and"
- 3 AMENDMENT NO. 2
- On page 1, line 7, between "2014" and the period "." insert ", and amended by the board on
  May 12, 2014"
- 6 AMENDMENT NO. 3
- 7 On page 1, line 9, between "Year" and "adopted" insert "was"
- 8 AMENDMENT NO. 4
- 9 On page 1, line 11, after "law" delete the remainder of the line and insert "; and

#### 10 AMENDMENT NO. 5

11 On page 1, after line 11, insert the following:

"WHEREAS, the Minimum Foundation Program formula for the 2014-2015 Fiscal
Year adopted by the State Board of Elementary and Secondary Education on March 13,
2014, was not approved by the legislature; and

WHEREAS, the Minimum Foundation Program formula for the 2014-2015 Fiscal
Year adopted by the State Board of Elementary and Secondary Education on March 13,
2014, was amended by the State Board of Elementary and Secondary Education on May 12,
2014, and was resubmitted to the legislature for approval on May 14, 2014, and reads as
follows:"

20 AMENDMENT NO. 6

On page 1, delete lines 12 through 18, delete pages 2 through 28, and on page 29, delete
lines 1 through 26, and insert the following;

# 23 "PROPOSED 24 FY 2014-2015 MINIMUM FOUNDATION PROGRAM FORMULA

- 25The FY 2014-15 Minimum Foundation Program (MFP) formula was adopted26by the State Board of Elementary and Secondary Education on March 13, 2014, and27amended May 12, 2014.
- 28 The formula determines allocations for city, parish, or other public school 29 systems or schools. The definition of city, parish, or local public school systems and 30 schools shall include city or parish school systems, Recovery School District including operated and Type 5 charter schools, Louisiana School for Math, Science, 31 and the Arts (LSMSA), New Orleans Center for Creative Arts (NOCCA), New Type 32 33 2 Charter schools, Legacy Type 2 Charter schools, Office of Juvenile Justice (OJJ) 34 schools, and Louisiana State University and Southern University Lab schools. The formula is divided into four calculations as follows: 35
- 36 Level 1 determines the minimum cost of education based on the education
   37 needs of each student. The cost includes funding for students enrolled in city and

parish school systems, Recovery School District operated and Type 5 Charter schools, and New Type 2 Charter schools. The cost is then shared equitably between the State and the city and parish school systems based on the ability of the systems to support education in their communities through local sales and property tax revenues.

**Level 2** provides an incentive for city and parish school systems to support education in their communities above the minimum level of financial support required.

**Level 3** provides specific legislative education funding to city and parish school systems for continuing teacher and support worker pay raises, the Hold Harmless provision, and mandated operating costs.

- Level 4 provides additional funding including:
  - Supplementary funding to meet specific needs at city, parish, or other local school systems and schools including Foreign Associate Teacher Salary and Stipends Allocation, Career Development Allocation, High Cost Services Allocation, and Supplemental Course Allocation.
- Allocations for State-Approved public school systems or schools including Legacy Type 2 Charter schools, Louisiana State University and Southern University Lab schools, New Orleans Center for Creative Arts (NOCCA), Louisiana School for Math, Science, and Arts (LSMSA), and Office of Juvenile Justice (OJJ) schools.
- Mid-Year Allocation Adjustments to account for mid-year increases and decreases in students in all city, parish, or other local public school systems or schools.

State MFP funds shall only be expended for educational purposes. Expenditures for educational purposes are those expenditures related to the operational and instructional activities of city, parish, or other public school systems or schools to include: instructional programs, pupil support programs, instructional staff programs, school administration, general administration, business services, operations and maintenance of plant services, student transportation services, food services operations, enterprise operations, community services operations, facility acquisition and construction services and debt services as defined by Louisiana Accounting and Uniform Governmental Handbook, Bulletin 1929.

26	
36	A. Level 1: Calculate State and Local Cost Allocation
37	1. Determine Educational Costs
38	Eligible students from the following school systems and schools will be
39	counted in both the Base and Weighted Student Memberships:
40	1. City and Parish school systems
41	2. State-Approved Public Schools - The student counts of the following
42	state-approved schools shall be included in the membership and
43	weighted student counts of the city or parish school system in which
44	the student resides:
45	a) New Type 2 Charter schools.
46	3. Recovery School District - The student membership and weighted
47	student counts of schools transferred to the Recovery School District,
48	both operated and Type 5 Charter schools, shall continue to be
49	included in the membership and weighted student counts of the city
50	or parish school system from which jurisdiction of the school was
51	transferred.
50	
52	<b>STEP ONE: Determine the Number of Eligible Students for the Base Count</b>
53	The formula first counts each of the students enrolled on February 1 to
54	determine the cost of education services. The formula utilizes the February 1 Student
55	Membership Count to allocate funding beginning in July. The students eligible to

be counted are identified in the Student Membership Definition adopted by the State Board of Elementary and Secondary Education. These students are counted as one (1.0) in the formula.

#### STEP TWO: Determine the Number of Students Eligible for the Weighted Student Count

The formula recognizes that providing educational services to meet the needs of particular students is more costly than regular educational services. Each special characteristic or need is given a numerical value referred to as a weight. The special needs of each student are taken into consideration by multiplying the student count for each eligible child (1.0) by each of the weights. This calculation provides additional students that are then added to the February 1 Student Membership Count to equal the Total Weighted Student Membership Count. The students and units eligible to be counted are identified in the Student Membership Definition adopted by the State Board of Elementary and Secondary Education.

The following are the additional costs recognized by the formula:

**Low Income and English Language Learner Weight** - The formula recognizes that students living in poverty or students with a native language other than English are more likely to require additional educational services to be successful. To recognize that these services require additional costs, students that qualify for free or reduced price meals under the United States Department of Agriculture (USDA) School Food Service Program guidelines, or an alternative count as defined in the Student Membership Definition, and students identified as an English Language Learner are provided a weight of 22%.

**Career and Technical Education Weight** - The formula recognizes that the cost of providing materials and equipment, and teacher credentialing and training, for Career and Technical Education courses is above and beyond the cost of traditional academic education. Each secondary career and technical education course in which a student is enrolled in both the fall and spring semesters is provided a weight of 6%.

**Special Education Weight** - The formula addresses the extra cost associated with the delivery of services required in order to meet the needs of students with disabilities. Students with disabilities that have an Individualized Education Plan (IEP) developed according to State Board of Elementary and Secondary Education regulations are provided a weight of 150%.

**Gifted and Talented Weight** -The formula recognizes the cost of providing educational services to Gifted and Talented students that have an Individualized Education Plan (IEP) developed according to State Board of Elementary and Secondary Education regulations and are provided a 60% weight.

**Economy of Scale Weight** - This weight is provided for city or parish school systems to recognize a base amount of funding for fixed overhead costs that should be provided when student populations equal 7,500 students or less. The Economy of Scale Weight is calculated as a curvilinear weight of 20% at a student membership count of zero down to 0% at a student membership count equal to or greater than 7,500. To calculate this weight, the February 1 Student Membership Count for each city and parish school system is subtracted from 7,500 and divided by 37,500. The result of this calculation is then multiplied by each system's February 1 Student Membership Count to determine the weighted students.

**STEP THREE: Determine Total Weighted Student Membership Count** Formula: **Total Weighted Student Membership Count** Equals February 1 Student Membership Count (1.0) Plus Low Income and English Language Learner Weight **Career and Technical Education Weight Special Education Weight Gifted and Talented Weight Economy of Scale Weight** 

1	STEP FOUR: Identify the State and Local Base Cost Per Pupil
2	Formula:
3	The State and Local Base Cost Per Pupil shall equal \$3,855 plus 2.75
4	percent times \$3,855 for a total of \$3,961.
5	STEP FIVE: Determine Total MFP Educational Costs
6	<u>Formula:</u>
7	Total MFP Educational Costs
8	Equals
9	Total Weighted Student Membership Count
10 11	Multiplied by State and Least Base Cost Bar Buril
11	State and Local Base Cost Per Pupil 2. Determine State and Local Cost Allocation
12	2. Determine State and Local Cost Anocaton
13	The Total MFP Educational Costs are shared between the State and the city
14	or parish school systems. The ability of school systems to support the cost of
15	education in their communities is measured by the potential to raise local revenue.
16 17	This potential contribution is measured by the following three factors using the latest
17 18	available data as reported through the Annual Financial Report (AFR) as required by R.S. 17:92:
18	1. Local Property Tax Revenue Contribution
20	<ol> <li>Local Sales Tax Revenue Contribution</li> </ol>
20	3. Other Local Revenue Contribution
22	<b>STEP ONE - Determine the Local Property Tax Revenue Contribution</b>
23	<u>Formula:</u> Level Brownertz Terr Bergerate Constribution

This cap will be applied on</li> </ul>
30 31 32 33 34 35 36 37 38 39 40 41 42 43 44 45 46 47 48 49 50	<ul> <li>Net Assessed Property Value Increase Cap - If a school system's Net Assessed Property Value has increased equal to or greater than 10% over the prior year Net Assessed Property Value, then the growth in the Net Assessed Property Value is capped at 10%. This cap is applied on a year-to-year basis comparing the current year Net Assessed Property Value to the prior year uncapped Net Assessed Property Value.</li> <li>Computed Property Tax Millage - The Computed Property Tax Millage is calculated annually at the rate necessary to maintain a state and local allocation ratio of 65%/35%.</li> <li>STEP TWO - Determine the Local Sales Tax Revenue Contribution <u>Formula:</u> Local Sales Tax Revenue Contribution <u>Equals</u></li> <li>Computed Sales Tax Base (debt and non-debt) (including TIF areas) <u>Multiplied By</u></li> <li>State Computed Sales Tax Rate</li> <li>Mid-Year Rate Increases - If a local school system's sales tax goes into effect during the fiscal year, the tax rate is prorated to an annual rate applicable for the total revenue generated.</li> <li>Sales Tax Increase Cap - If a system's Computed Sales Tax Base increased equal to or greater than 15% over the Computed Sales Tax Base will be capped</li> </ul>

1Computed Sales Tax Rate - The Computed Sales Tax Rate is calculated2annually at the rate necessary to maintain a state and local allocation ratio of365%/35%.

4	STEP THREE - Determine Other Local Revenue Contribution
5	<u>Formula:</u>
6	Other Local Revenue Contribution
7	Equals
8	State Revenue in lieu of taxes
9	Plus
10	Federal Revenue in lieu of taxes
10	Plus
12	50% of Earnings on Property
12	50 /0 of Earlings on Froperty
13	STEP FOUR - Determine Local Cost Allocation
13	Formula:
14	Local Cost Allocation
15 16	
10	Equals Description
	Property Tax Contribution
18	Plus
19	Sales Tax Contribution
20	Plus
21	Other Revenues Contribution
22	
22	STEP FIVE - Determine State Cost Allocation
23	Formula:
24	State Cost Allocation
25	Equals
26	Total State and Local Cost
27	Minus
28	Local Cost Allocation
•	
29	Minimum State Cost Allocation - In no event shall the State Cost
30	Allocation be less than 25% of Total Level 1 Cost for any city or parish school
31	system.
22	D. Lovel 2. Incontinue for Local Effort
32	<b><u>B. Level 2: Incentive for Local Effort</u></b>
33	Level 2 provides incentives for city and parish school systems that contribute a
34	greater proportion of local revenues towards the cost of education in their
35	communities by increasing local property and sales tax revenues. This effort is
36	measured using the latest available data for the following sources of revenue as
37	reported in the Annual Financial Report (AFR) as required in R. S. 17:92.
38	1. Total Sales Taxes
39	2. Total Property Taxes
40	3. State and Federal Revenue in Lieu of Taxes
41	4. 50% Earnings on Property Revenue
15	
42	STEP ONE - Determine Eligible Local Revenue

8 9	Limit on Revenue Eligible for Incentive
9 10	Equals Total State and Local Cost Allocation
11	Multiplied by
12	34%
13	STEP FOUR - Determine Local Support of Level 2 Incentive
14	Formula:
15	Local Support of Level 2 Incentive
16	Equals
17	Lesser of Local Revenue Eligible for Incentive or Limit on Local
18	<b>Revenue Eligible for Incentive</b>
19	Multiplied by
20	Local Cost Allocation Percentage (Level 1)
21	Multiplied by
22	Level 2 Incentive Factor
23	Level 2 Incentive Factor - The Level 2 Incentive Factor determines the
24	amount of local support required in Level 2. In FY 14-15, the Level 2 Incentive
25	Factor is established at 1.72.
26	STEP FIVE - Determine State Cost of Level 2 Incentive
27	Formula:
28	State Support of Level 2 Incentive
29	Equals
30	Lesser of Local Revenue Eligible for Incentive or Limit on Local
31	Revenue Eligible for Incentive
32	Minus
33	Local Support of Level 2 Incentive
34	C. Level 3: Legislative Allocations
35	Level 3 provides funding for three programs that address funding for school systems
36	and schools regarding teacher and support worker pay raises, Hold Harmless
37	funding, and mandated operating costs, and are in addition to allocations provided
38	in Level 1 and 2. These allocations are as follows:
39	<u>Formula:</u>
40	Total Level 3 Legislative Allocations
41	Equals
42	Continuation Pay Raises
43	Plus
44	Hold Harmless Enhancement
45 46	Plus Mandated Costs in Health Insurance, Retirement, and Fuel
47	
47 19	STEP ONE: Calculate Continuation Funding for Pay Raises
48 49	1. Certificated Personnel Pay Raises were implemented in four recent years to assist in increasing Teacher and Principal pay to the Southern Regional
49 50	assist in increasing Teacher and Principal pay to the Southern Regional Average. These funds continue to be provided directly to systems and
50 51	schools to support these increased salaries.
51 52	
52 53	a. Certificated Personnel Pay Raises provided in 2001-02, 2006-07, 2007-08, and 2008-09 will continue for each school system and
55 54	school based on the calculated per pupil amount times the February
5 <del>4</del> 55	1 Student Membership Count.
	<b>F F F F F F F F F F</b>

1 2. Noncertificated Support Worker Pay Raises were implemented in three 2 recent years to assist with increasing these salaries. 3 Noncertificated Support Worker Pay Raises provided in 2002-03, a. 4 2006-07, and 2007-08 will continue for each school system and 5 school based on the calculated per pupil amount times the February 1 Student Membership Count. 6 This provision applies to city and parish school systems, Recovery School 7 3. 8 District, New Orleans Center for Creative Arts (NOCCA), Louisiana School 9 for Math, Science, and the Arts (LSMSA), Legacy Type 2 Charter Schools, 10 New Type 2 Charter Schools, Louisiana State University and Southern 11 University Lab schools, and Office of Juvenile Justice (OJJ). **STEP TWO: Calculate Hold Harmless Enhancement** 12 13 Participating School Systems - The following school systems have a remaining Hold Harmless or "overfunded" allocation: Concordia, East Baton Rouge, 14 Evangeline, Iberville, Jefferson, Plaquemines, St. Charles, St. James, and West 15 Feliciana. 16 Allocation Adjustment - After subtracting amounts attributable to insurance 17 18 supplements and legislative pay raises provided between FY 1993-94 and FY 1998-99 from the FY 2006-07 Hold Harmless amount, a revised Hold Harmless 19 20 amount is calculated. Each of the remaining Hold Harmless school systems will receive a reduction of 10% to their remaining Hold Harmless allocation. On an 21 22 annual basis, any Hold Harmless system may choose to reduce the remaining balance 23 by an amount greater than 10% through formal notification to the Louisiana Department of Education. This request must take place no later than June 30th each 24 25 year. 26 Redistribution Allocation - The annual 10% reduction amount will be 27 redistributed in a per pupil amount to all non-hold harmless systems. 28 **STEP THREE: Determine Allocation for Increasing Mandated Costs in Health** 29 **Insurance, Retirement, and Fuel** 30 City and parish school systems shall receive a minimum of \$100.00 for each 31 student in the prior year February 1 membership to offset these increasing 32 operational costs. 33 The following formula is applied to determine the Level 1, 2, and 3 State Cost Allocation Per Pupil: 34 35 Formula: 36 Level 1, 2, and 3 State Cost Allocation Per Pupil 37 Equals 38 Level 1 State Cost Allocation Per Pupil 39 Plus 40 Level 2 State Cost Allocation Per Pupil 41 Plus 42 Level 3 State Cost Allocation Per Pupil 43 **D. Level 4: Supplementary Allocations** 44 1. Specific Needs Allocations provide funding for four allocations for specific 45 purposes and is in addition to system level allocations from Levels 1, 2, and 3. 46 These allocations are as follows: 47 Formula: 48 **Total Level 4 Supplementary Allocations** 49 Equals 50 **Foreign Language Associate Program Salary and Stipend Allocation** 51 Plus 52 **Career Development Allocation** 53 Plus 54 **High Cost Services Assistance Allocation** 55 Plus 56 **Supplemental Course Allocation** 

#### STEP ONE: Calculate Foreign Language Associate Salary and Stipend Allocation

**Salary Allocation** - Any city, parish, or other public school system or school employing a Foreign Language Associate or a graduate of the Escadrille Louisiane program shall receive a supplemental allocation from State Board of Elementary and Secondary Education of \$21,000 per teacher. The state shall maintain support of the Foreign Language Associate program at a maximum of 300 Foreign Language Associates employed in any given year.

These teachers shall be paid by the employing city, parish, or other local public school system or school at least the state average classroom teacher salary (without PIP) by years of experience and degree beginning with year three. Of the \$21,000 allocation, \$20,000 shall be allocated to the school where the teacher is employed and the funds used to support the total cost of the teacher salary, and the remaining amount shall be associated with costs of VISA sponsorship pursuant to State Board of Elementary and Secondary Education regulations.

**Stipend Allocation** - First year teachers will receive an installation incentive of an additional \$6,000; second and third year teachers will receive a retention incentive of an additional \$4,000. These amounts must be provided to each Foreign Associate Teacher or Escadrille Louisiane graduate by each school district or school in which they are employed.

#### 21 STEP TWO: Career Development Allocation

24

25

26

27

28

29

30

31

32

33

34

35

36

The cost of providing materials and equipment, and teacher credentialing and training to attain a statewide industry-based credential is above and beyond the cost typically required for high school courses. An allocation will be provided to support the development of these technical courses required for statewide credentials in city and parish school systems and other public schools.

The first step in the allocation is to calculate six percent (6%) of the MFP State and Local Base Cost Per Pupil to determine the Career Development Per Pupil Amount. The Career Development Per Pupil Amount will be provided for each qualifying student course enrollment in grades 9 through 12.

If a city or parish school system receives less than \$25,000 from the Career Development Per Pupil Amount, then the city or parish school system will be provided an economies of scale minimum allocation of \$25,000. If other public schools containing grades 9 through 12 receive less than \$10,000 from the Per Pupil Amount, then the other public schools containing grades 9 through 12 will be provided an economies of scale minimum allocation of \$10,000.

37	Formula:
38	Career Development Allocation Per Pupil
39	Equals
40	MFP State and Local Base Cost Per Pupil
41	Multiplied By
42	Six Percent (6%)
43	Formula:
44	Career Development Allocation
45	Equals
46	Career Development Allocation Per Pupil
47	Multiplied By
48	Number of Students Enrolled in Qualifying Courses in Grades 9 through
49	12
50	STEP THREE: Calculate High Cost Services Assistance
51	High cost services for students with disabilities generate a particular budget
52	challenge for city, parish, and other public school systems and schools.
53	In an effort to assist with these expenses, an allocation will be provided to
54	city, parish, and other public school systems and schools which submit
55	documentation as required by the Louisiana Department of Education substantiating

bit city, parisit, and other public school systems and schools which submit
 documentation as required by the Louisiana Department of Education substantiating
 that the prior year cost of services for a specific student exceeds three times the most
 recent state average total expenditure per pupil amount.

#### SCASCR55 JOHNSTONJ 4359

Once costs associated with providing services for a student with disabilities have been verified, the city or parish school system or other public schools will be eligible to receive an allocation to assist with these costs. The allocation will be limited by the amount budgeted for the High Cost Services Assistance Allocation. So as to be equitably distributed, the total allocation provided to city and parish school systems versus other public schools shall be proportional to the share of total qualifying applications submitted by city and parish school systems versus other public schools.

The first step in the allocation will be to calculate the impact of these costs on the budget of the school system or school using the latest available state and local revenue data. The High Cost Services requested for reimbursement will be reduced by the MFP state and local amount allocated on behalf of each student from Levels 1, 2, and 3. The next step will rank the Percent (%) Impact from highest to lowest percent, with two separate rank listings for school systems and other public schools.

<u>Formula:</u>
Percent (%) Impact on Budget
Equals
Cost of Services
Divided By
<b>Total State and Local Revenue</b>

The two rank listings will be divided into four tiers and allocations will be provided based on a percentage from one hundred percent reimbursement in the highest funded tier with smaller percentages reimbursed in the lower tiers based on where the school system or school falls within the tiers on one of the two lists.

#### **STEP FOUR:** Calculate Supplemental Course Allocation

Pursuant to R.S. 17:4002.1 through 4002.6, the Supplemental Course Allocation shall provide for the cost of secondary course choices specifically approved by the State Board of Elementary and Secondary Education. For each city and parish school system and other public school, the allocation shall equal the number of students enrolled in grades 7 through 12 as of February 1 each year multiplied by \$26 per pupil.

# Supplemental Course Allocation for School Systems or Public Schools Equals

#### Supplemental Course Allocation Per Pupil Multiplied By Number of Students in Credes 7 through 12

# Number of Students in Grades 7 through 12

If the entire allocation is not committed by the city or parish public school systems or other public school by a date set forth by the Louisiana Department of Education, the original allocation will be reduced by the uncommitted amount. The total uncommitted amount from each city or parish public school systems or other public school will be reallocated to those city or parish public school systems or other public schools that obligated one hundred percent of their original allocation based on criteria set forth by the Louisiana Department of Education.

45 46	<b><u>2. Allocations for Other Public Schools</u> STEP ONE: Louisiana State University and Southern University Laboratory</b>
47	Schools
48	1. State Cost Allocation
49	a. The February 1 Student Membership count at the Louisiana State
50	University and Southern University Lab Schools shall be multiplied by the
51	Average State Cost Allocation Per Pupil to equal the Louisiana State
52	University and Southern University Lab Schools State Cost Allocation.
53	b. Funds appropriated for these schools shall be allocated to the
54	institution of higher education operating such a school. Each such institution
55	of higher education shall ensure the equitable expenditure of such funds to
56	operate such schools.

1 **STEP TWO: Legacy Type 2 Charter Schools** 2 A Legacy Type 2 Charter school is a Type 2 Charter school approved before July 1, 3 2008 by the State Board of Elementary and Secondary Education. 4 1. State Cost Allocation 5 Any Legacy Type 2 Charter school shall annually be a. allocated funds as determined by applying the formula 6 7 contained in R. S. 17:3995. 8 b. The State Cost Allocation equals the number of students 9 multiplied by the average State Per Pupil for the system 10 where the school is located. 11 2. Local Cost Allocation Any Legacy Type 2 Charter school shall annually be 12 a. allocated funds as determined by applying the formula 13 14 contained in R. S. 17:3995. 15 The Local Cost Allocation equals the number of students b. multiplied by the average Local Per Pupil for the system 16 17 where the school is located. 18 For any student enrolled in a Legacy Type 2 Charter school, c. 19 the Local Cost Allocation shall be funded by the State. 20 3. The exclusion of any portion of local revenues specifically dedicated by the legislature or by voter approval to capital outlay or debt 21 service shall be applicable only to a charter school housed in a 22 facility or facilities provided by the district in which the charter 23 24 school is located. STEP THREE: Office of Juvenile Justice (OJJ) Schools 25 1. Eligible Schools - Any elementary and secondary school operated by the 26 27 Office of Juvenile Justice (OJJ) in a secure care facility shall be considered a public 28 elementary or secondary school and, as such, the Office of Juvenile Justice (OJJ) 29 shall be annually appropriated funds for these students. 2. Eligible Students - Each student counted in the prior year average daily 30 31 membership, as defined by the State Board of Elementary and Secondary Education 32 in the Student Membership Definition, is calculated by dividing the number of days 33 the student is under the guidance and direction of teachers by the total instructional 34 days during the specified school year. 35 3. Allocation - The Office of Juvenile Justice (OJJ) shall annually be allocated funds for the eligible students. For each student enrolled in these schools, 36 37 both a State Cost Allocation and a Local Cost Allocation shall be provided. 38 4. State Cost Allocation 39 a. The State Cost Allocation is equal to the State Cost Allocation Per 40 Pupil for the system where each student resided prior to adjudication 41 multiplied by the prior year average daily membership of the Office of 42 Juvenile Justice schools. 43 b. The State Cost Allocation Per Pupil allocation shall be adjusted 44 based on a factor determined by the Louisiana Department of Education to 45 provide for the differential in the number of educational days provided to the students in the custody of the Office of Juvenile Justice (OJJ). 46 47 c. Additionally, the State Cost Allocation Per Pupil shall be adjusted 48 based on a factor determined by the Louisiana Department of Education to recognize the increased number of special education students in the Office 49 50 of Juvenile Justice (OJJ) schools relative to the state average special 51 education student population. 52 d. The average daily membership will be reconciled on an annual 53 basis using the latest available data. 54 5. Local Cost Allocation 55 a. Each student counted in the prior year average daily membership, 56 as defined by the State Board of Elementary and Secondary Education, shall 57 be provided for and funded from the minimum foundation program a Local Cost Allocation Per Pupil equal to the Local Cost Allocation Per Pupil for the 58

district where the student resided prior to adjudication.

59

b. The Local Cost Allocation is equal to the Local Cost Allocation Per Pupil for the system were each student resided prior to adjudication multiplied by the prior year average daily membership of the Office of Juvenile Justice schools.

c. For the purpose of the Local Cost Allocation Per Pupil, the average daily membership of the Office of Juvenile Justice (OJJ) shall be included in the membership counts of the city, parish, or other local public school board in which the student resided prior to adjudication to the Office of Juvenile Justice.

d. For a district(s) that shares local revenue, the allocation for the Office of Juvenile Justice will be completed before the calculation of local revenues.

e. The Local Cost Allocation Per Pupil shall be funded with a transfer of the MFP monthly amount representing the Local Cost Allocation Per Pupil from the city, parish, or other local public school board in which the attending students resided prior to adjudication to the Office of Juvenile Justice (OJJ).

f. The average daily membership will be reconciled on an annual basis using the latest available data.

1. Student counts in October and February may result in mid-year allocation adjustments for the following:

City and parish school systems, Recovery School District, Type 2 Charter schools, Louisiana State University and Southern University Lab schools, Louisiana School for Math, Science and the Arts (LSMSA), and New Orleans Center for Creative Arts (NOCCA).

2. If the current year October 1 Mid-Year Student Count is more or less than the prior year February 1 student count, an adjustment to the current year allocation shall be made for each student gained or lost. The October adjustment equals the number of students gained or lost times the annual State Cost per pupil allocation amount for the system or school in which the change occurred. The February adjustment equals the number of students gained or lost times one-half of the State Cost per pupil allocation for the system or school in which the change occurred.

3. Individual adjustments shall be made for increases or decreases in the October or February Mid-Year Student Counts for the Recovery School District, the system of prior jurisdiction, and Type 5 Charter schools.

4. Mid-Year adjustments for the Recovery School District shall utilize the final State Cost per pupil allocation for the system of prior jurisdiction.

5. If the Recovery School District qualifies for an October Mid-Year Adjustment to the State Cost per pupil allocation, a Mid-Year adjustment shall also be made to the Local Cost per pupil allocation for the system of prior jurisdiction. The October Local Cost per pupil allocation shall be recalculated based on updated revenue data for the system of prior jurisdiction. There shall be no recalculation of the Local Cost per pupil allocation in conjunction with the February 1 student count.

6. School systems or charter schools in the first year of operation are not eligible for an October Mid-Year Adjustment. However, their allocation will be finalized using October 1 data. The newly opened school systems or charter schools will qualify for the February 1 mid-year adjustment.

7. October and February Mid-Year Adjustments shall be combined and applied in the March through June payments.

53Total MFP State Cost Allocation54Formula:55Total MFP State Cost Allocation56Equals57Level 1 State Cost Allocation58Plus59Level 2 State Cost Allocation

1 2 3	Plus Level 3 State Cost Allocation
3 4	Plus Level 4 State Cost Allocation
5 6	II. FORMULA CALCULATIONS FOR STATE-APPROVED PUBLIC SCHOOLS
7	A. RECOVERY SCHOOL DISTRICT
8	1. State Cost Allocation
9 10	a. Once all final calculations are made, the final State Cost Allocation Per Pupil Amount for the city or parish school
10	system which counted the Recovery School District students
12	will be multiplied by the February 1 Recovery School District
13	Student Membership Count to equal the Recovery School
14	District State Cost Allocation.
15	b. In a system with one or more Type 3B charter schools, if the
16	Type 3B charter is not its own LEA, the local school system
17 18	shall distribute minimum foundation program formula funds to each Type 3B charter school in the system pursuant to
18	calculations determined by the Louisiana Department of
20	Education. If the Type 3B charter is its own LEA, such
21	payments shall be made to the Type 3B charter school by the
22	Louisiana Department of Education. Such calculations shall
23	include differentiated funding weights for certain students,
24 25	including students identified as being eligible for special education services. The calculations shall ensure equity so
23 26	education services. The calculations shall ensure equity so that each Type 3B charter school in the system receives a
20 27	per-pupil amount equal to the amount a Type 5 charter school
28	located in the same parish or school system boundary would
29	have received from the Recovery School District (RSD).
30	2. Local Cost Allocation
31 32	a. In addition to the State Cost Allocation, the Recovery School District shall receive an applicable Local Cost Allocation.
33	Formula:
34	Local Cost Allocation Per Pupil
35	Equals
36	Projected Local Revenues from District of Prior Jurisdiction
37 38	Divided by Total School District Membership (Recovery School District Student
38 39	Membership Count plus Student Membership Count for the system of prior
40	jurisdiction plus New Type 2 Charter school students residing in the
41	jurisdiction)
42	b. To begin the fiscal year, the Local Cost allocation is based on eligible
43	projected local revenues for the most recent prior fiscal year from the city or parish
44	school district that had jurisdiction of the school prior to its transfer.
45 46	c. For purposes of the Recovery School District calculation, local revenue is
40 47	defined to include revenue from the following sources, excluding any portion which has been specifically dedicated by the legislature or by voter approval to capital
48	outlay or debt service, per the definitions in the Annual Financial Report (AFR) and
49	the Louisiana Accounting and Uniform Governmental Handbook as reported to the
50	Department of Education:
51	1. Sales and use taxes, less any tax collection fee paid by the school
52 53	system
55 54	2. Ad valorem taxes, less any tax collection fee paid by the school system
55	3. Earnings from sixteenth section lands owned by the school system
56	d. The exclusion of any portion of local revenues specifically dedicated by
57	the legislature or by voter approval to capital outlay or debt service shall be

applicable only to a charter school housed in a facility or facilities provided by the system in which the charter school is located.

e. The projected local revenues shall be divided by the Total School District Membership Count including the Recovery School District Student Membership Count, both operated and charter schools, plus the Student Membership Count of the system of prior jurisdiction. If any New Type 2 Charter School student resides within the physical boundaries of the system of prior jurisdiction, this school the student attends shares in the local revenues of the system of prior jurisdiction. As a result, the New Type 2 Charter School Student Membership Count of the students residing in the jurisdiction will be added to the Recovery School District and the system of prior jurisdiction Student Membership Count.

f. The Local Cost Allocation for the Recovery School District is determined by multiplying the local revenue per pupil times the number of Recovery School District students used in the MFP final allocation.

Local Cost Allocation

Equals

Projected Local Revenues from District of Prior Jurisdiction Per Pupil Multiplied By

#### **Recovery School District Student Membership Count**

g. Once the local amount is determined, it is adjusted to a monthly amount that is transferred from the MFP monthly allocation of the city, parish, or other local public school board of prior jurisdiction to the Recovery School District.

h. Based on the October 1 Student Membership Count, the local revenue allocation per student will be recalculated and there will be a corresponding adjustment in the local revenue allocation. No recalculation of the local revenues per student will occur as a result of the February 1 Student Count adjustment.

i. During the third quarter of the fiscal year, the local revenue allocation per student shall be adjusted to reflect actual prior year local revenue data.

j. A final reconciliation will occur based upon the receipt of the annual audited financial statements of the system of prior jurisdiction. If an increase or decrease in local revenue collections exists, the state superintendent may establish a payment schedule. In the event that the fiscal status of the system of prior jurisdiction or the Recovery School District changes during the fiscal year or on or before the final reconciliation, the state superintendent may adjust the local revenue based on the revenues identified.

3. Monies appropriated to the Recovery School District, except for administrative costs, that are attributable to the transfer of a school from a prior school system and monies allocated or transferred from the prior system to the Recovery School District shall be expended solely on the operation of schools transferred from the prior system to the jurisdiction of the Recovery School District.

42 **B. NEW TYPE 2 CHARTER SCHOOLS** 43 A New Type 2 Charter school is a Type 2 Charter school approved after July 1, 2008 by the State Board of Elementary and Secondary Education. 44 45 1. State Cost Allocation 46 a. Any New Type 2 Charter School shall annually be provided a State Cost 47 Allocation as determined by applying the formula contained in R.S. 17:3995. 48 b. The State Cost Allocation equals the number of students multiplied by the 49 average State Cost Allocation Per Pupil for the system in which the student resides. 50 c. Mid-Year Adjustments shall adhere to the guidelines established in this 51 document. 52 2. Local Cost Allocation 53 a. Any New Type 2 Charter school shall annually be provided a Local Cost 54 Allocation by applying the formula contained in R. S. 17:3995. 55 b. The Local Cost Allocation equals the number of students multiplied by the 56 Local Cost Allocation Per Pupil for the system in which the student resides.

57 c. One exception to R. S. 17:3995 is that the Local Cost allocation will be 58 funded with a transfer of the MFP monthly amount representing the Local Cost

# Page 13 of 16 This set of amendment(s) was prepared by Jeanne C. Johnston.

Allocation from the city or parish school system in which the attending students reside.

d. The city or parish where students attending the New Type 2 Charter school reside is the local taxing authority and shall provide the local support for the students.

e. Mid-Year Adjustments will adhere to the guidelines established in this document.

3. Virtual Charter schools may receive, as approved by the State Board of Elementary and Secondary Education, a lesser percentage of the state and local amount calculated in R.S. 17:3995.

4. Where student attendance is from multiple school systems, the Department of Education shall determine the Local Cost Allocation based on students reported by the schools. The student membership count of the New Type 2 charter schools shall be included in the membership count of the city or parish school board in which the student resides to determine the Local Cost Allocation.

5. In the first year of operation, a New Type 2 Charter school shall be allocated funding based on an estimated student count since a February 1 student count does not exist. The allocation will be finalized based on the October 1 student count.

6. The exclusion of any portion of local revenues specifically dedicated by the legislature or by voter approval to capital outlay or debt service shall be applicable only to a charter school housed in a facility or facilities provided by the district in which the charter school is located.

# C. LOUISIANA SCHOOL FOR MATH, SCIENCE AND THE ARTS (LSMSA) AND NEW ORLEANS CENTER FOR CREATIVE ARTS (NOCCA).

1. The Louisiana School for Math, Science and the Arts (LSMSA) and New Orleans Center for Creative Arts (NOCCA) shall be provided both a State and Local allocation.

2. State Cost Allocation

a. The State Cost Allocation shall be based on the State Cost Allocation Per Pupil for the city or parish school system where the attending students reside.

3. Local Cost Allocation

- a. The Local Cost Allocation will be based on the Local Cost Allocation for the city or parish school system where the attending students reside.
- b. For any student enrolled in LSMSA or NOCCA, the Local Cost Allocation shall be funded by the State.
- c. Where student attendance is from multiple school systems, the Department of Education shall determine the Local Cost Allocation based on students reported by the schools.

# A. Preliminary Allocation

- 1. The minimum foundation program formula for the upcoming fiscal year adopted by the State Board of Elementary and Secondary Education, along with a preliminary allocation schedule representing the estimated cost of the proposed formula, shall be submitted to the Joint Legislative Committee on the Budget and to the House and Senate Education Committees for consideration no later than March 15.
- 2. This preliminary allocation shall utilize student and other input data available at the time.

B. Final Allocation

Final allocations for the fiscal year in which the formula takes effect will be determined no later than June 30 of the preceding fiscal year. The latest available data will be utilized to calculate the final allocation except that student count estimates will be utilized for

1 2	school systems or charter schools opening for the first time in the fiscal year beginning July 1.
3	IV. FORMULA PAYMENTS
4	A. PAYMENT PROCEDURES
5	1. The Total MFP State Cost Allocation for city, parish, and other
6	school systems and schools will be converted to monthly payments
7	from July through June each year except payments will be made on
8	Level 4 allocations as data becomes available.
9	B. REQUESTED PAYMENT ADJUSTMENTS
10	1. If the city, parish, or other school systems and schools have
11	documented growth in students prior to the actual Mid-Year Student
12	Counts in October and February, a temporary change to the final
13	allocation may be requested. The State Superintendent is authorized
14	to approve or deny this revision.
15	a. Sufficient documentation will be requested to
16	substantiate this requested allocation adjustment.
10	b. The adjusted allocation will remain in effect until the
17	0
18 19	actual October or February Mid-Year Student Count.
	Once the Mid-Year Student Count is final,
20	reconciliation will be completed and payments
21	adjusted accordingly.
22	C. PAYMENT ADJUSTMENTS FOR AUDIT FINDINGS
23	1. Review and/or audit of the systems' or schools' data used in
24	determining their Minimum Foundation Program allocation may
25	result in changes in final statistical information. The Minimum
26	Foundation Program allocation adjustments necessary as a result of
27	these audit findings will be made in the following school year. These
28	adjustments are applicable to the following: city or parish school
29	systems, Recovery School District, Type 2 Charter schools,
30	Louisiana State University and Southern University Lab schools,
31	Office of Juvenile Justice (OJJ) schools, Louisiana School for Math,
32	Science and the Arts (LSMSA), and New Orleans Center for Creative
33	Arts (NOCCA).
24	V 700/ EVDENDITUDE DECLUDEMENT
34 35	V. 70% EXPENDITURE REQUIREMENT To provide for appropriate accountability of state funds while providing situ
	To provide for appropriate accountability of state funds while providing city,
36	parish, or local public school systems or other public schools flexibility in
37	determining specific expenditures, city, parish, or local public school systems or other public schools must ensure that 70% of the city parish or local public school
38	other public schools must ensure that 70% of the city, parish, or local public school
39 40	system or other public school general fund expenditures are in the areas of
40	instruction and school administration at the school building level as developed by the
41 42	Department of Education and defined by the State Board of Elementary and Secondary Education regulations.
72	Secondary Education regulations.
43	VI. PAY RAISE REQUIREMENT
44	If a city, parish, or local public school system or other public school has a net
45	increase from 2013-2014 to 2014-2015 in its per student Level 1 and 2 State Cost
46	Allocation, the city, parish, or local public school system or other public school shall
47	be required to sustain the certificated classroom teacher pay raises provided by
48	appropriation in 2013-2014. If the city, parish, or local public school system or other
49	public school has established plans to sustain or increase the teacher pay raises
50	provided for by the 2013-2014 appropriation prior to the development of this
51	formula, then this provision shall not apply.
50	VIL SEVEDADILITY DOOVISION
52	VII. SEVERABILITY PROVISION
53	If any provision of this minimum foundation formula or the application thereof is

SCASCR55 JOHNSTONJ 4359

If any provision of this minimum foundation formula or the application thereof isheld invalid, such invalidity shall not affect other provisions or applications of this

## SCASCR55 JOHNSTONJ 4359

1 minimum foundation formula which can be given effect without the invalid 2 provisions or applications, and to this end the provisions of this minimum foundation 3 formula are hereby declared severable. The severability provision hereof shall be 4 broadly construed so as to give effect to each and every possible provision or 5 application of this minimum foundation formula which is not specifically held 6 invalid, unlawful, or unconstitutional."
