EXPENDITURE EXPLANATION

The proposed legislation may result in an indeterminable increase in state general fund expenditures as it creates the crime of re-homing a child. The exact fiscal impact of the passage of this legislation is indeterminable, since it is not known how many individuals will be convicted of this crime. However, any offender sentenced to the custody of the Department of Public Safety and Corrections increases expenditures by \$24.39 per day per offender in local facilities. Therefore, the cost to the state would be \$8,902 annually (\$24.39 per day, per offender x 365 days) for any offender convicted as a result of the proposed legislation.

To the extent that offenders are housed in state facilities, the cost per day, per offender is \$52.51.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure. Any revenue generated through the imposition of fines created by this legislation would accrue to local government entities.
