

Existing law provides for the regulation and licensing of explosives.

Existing law provides for licensing of manufacturers, dealer-distributors, users, blasters, and handlers of explosives.

New law adds "exploding or explosive target" to the definition of "explosives", and defines "exploding or explosive target".

New law requires licensing only for exploding or explosive targets in quantities greater than five pounds.

Effective August 1, 2014.

(Amends R.S. 40:1472.2(7)(d); Adds R.S. 40:1472.2(7)(e))
