2015 Regular Session

Abstract: Adds requirements relative to eligibility for the individual income tax credit for taxes paid to another state.

Present law authorizes an individual income tax credit in an amount equal to income taxes which were paid for the same taxable period to another state on income which is subject to La. tax.

Proposed law retains present law and adds the following requirements for eligibility for the tax credit:

- (1) The credit is allowed if the other state provides a similar credit for La. income taxes paid on income derived from property located in La.
- (2) The credit shall be limited to the lesser of the proportional credit limitation amount or the actual tax paid to the other state. The "proportional credit limitation amount" means the amount of La. income tax that would have been imposed if the income earned in the other state had been earned in La.
- (3) The credit shall not be allowed for income taxes paid to a state that allows a nonresident a credit against the income taxes imposed by that state for taxes paid or payable to the state of residence.

Effective July 1, 2015, and applicable to taxable periods beginning on and after Jan. 1, 2015.
