Proposed law also defines "current tax collections" to mean the current collections of the taxes imposed by Subtitle II of Title 47 of the La. Revised Statutes of 1950.

Proposed law requires the Revenue Estimating Conference (REC) to establish a forecast of incentive expenditures for each fiscal year, beginning for fiscal year 2016-2017, which shall include a forecast of the amount of payments from and reductions of current tax collections to be granted by each of the incentive benefit statutes listed in the definition of incentive benefit for the forecasted year. Provides that the forecast shall be an amount that is no less than the estimated amount of payments from and reductions of current tax collections which will be made by each of the incentive benefit statutes. Such forecast shall be used to provide for the statement of incentive expenditures in the proposed executive budget.

Proposed law provided that the incentive expenditure forecast shall be derived and based upon the assumption that the current law and current administrative procedures will remain in effect for the forecast period. Provides that the agency which administers the incentive benefit shall notify the conference when the incentive expenditure forecast is not sufficient to meet the requirements of current law or current administrative procedures. The conference may revise the forecast as necessary. Provides that the incentive expenditure forecast shall be a separate forecast and shall not be included in the estimates of the money to be received by the state general fund and dedicated funds for the current and next fiscal years which are available for appropriation.

Proposed law provides for the information, and the timing of submission of the information, that agencies of the state are to provide in order for the REC to prepare an incentive expenditure forecast.

Proposed law provides that the incentive expenditure forecast shall be determined by the REC through a process to be decided by the conference except that any final action establishing an incentive expenditure forecast shall be taken only pursuant to a unanimous decision by all of the conference principals.

Present law provides that the governor shall cause to be prepared an executive budget presenting a complete financial and programmatic plan for the ensuing fiscal year which shall include recommendations for appropriations from the state general fund and dedicated funds which shall not exceed the official forecast of the REC.

Proposed law retains present law and further provides that the executive budget for Fiscal Year 2016-2017 and each fiscal year thereafter shall include a statement of incentive expenditures as contained in the incentive expenditure forecast. The incentive expenditures shall be stated as a separate description in the program activities of the respective agency of the state which administers an incentive expenditure. A statement of total incentive expenditures shall also be provided in the executive budget proposal. Such incentive expenditures shall not be included as, nor counted towards the operating expenses of the administering agency. Would further provide that the statement of incentive expenditures shall not be deemed to be a recommendation for appropriation.

Present law provides for the contents and format of executive budget. Proposed law retains present law and further provides that the executive budget shall contain a statement of incentive expenditures as contained in the incentive expenditure forecast. The incentive expenditures shall be stated as a separate description in the program activities of the respective agency of the state which administers an incentive expenditure. A statement of total incentive expenditures shall also be provided in the executive budget proposal. Such incentive expenditures shall not be included as, nor counted towards the operating expenses of the administering agency.

Effective July 1, 2015.
