SB 182 Reengrossed

Proposed law creates the "Kelsey Smith Act".

<u>Proposed law</u> provides that when acting in the course and scope of his official duties, a law enforcement agency supervisor will have the authority to submit an electronic or other written request to a provider of commercial mobile services, as defined by 47 U.S.C. 332(d), for device location information of a commercial mobile service device user if either of the following has occurred:

- (1) A call for emergency services initiated from device of the user.
- (2) An emergency situation that involves risk of death or serious bodily harm to the device user.

<u>Proposed law</u> provides that upon receipt of the request, the provider of commercial mobile services must disclose to the law enforcement agency the device location information.

<u>Proposed law</u> provides that when making the request, the law enforcement agency must search the National Crime Information Center system and similar databases to identify if the device user or the person initiating the call for an emergency situation involving the device user has any history of domestic violence or any court order restricting contact.

<u>Proposed law</u> provides that the information obtained by a law enforcement agency under <u>proposed law</u> may only be used for the performance of official duties.

<u>Proposed law</u> prohibits device location information from being released by the law enforcement agency to a person who has a history of domestic violence, stalking, or court order restricting contact with the device user.

<u>Proposed law</u> provides that all providers of commercial mobile services registered to do business in this state, or submitting to the jurisdiction thereof, shall submit emergency contact information to the Dept. of Public Safety and Corrections, office of state police, in order to facilitate requests from law enforcement agencies for location information. The contact information shall be submitted by July first of each year and immediately upon any change in contact information.

<u>Proposed law</u> provides that the office of state police shall maintain a database containing emergency contact information for all providers of commercial mobile services and shall make such information immediately available to all law enforcement agencies in the state.

<u>Proposed law</u> provides that the office of state police may adopt rules in accordance with the Administrative Procedure Act to implement the provisions of <u>proposed law</u>.

<u>Proposed law</u> provides that notwithstanding any other provision of law to the contrary, a provider of commercial mobile services may establish protocols by which the provider voluntarily discloses device location information.

<u>Proposed law</u> provides that no person may file a false report to a law enforcement agency for the purpose of device location being requested from a provider of commercial mobile service and provides a penalty for violating <u>proposed law</u> of not more than \$500, or imprisonment of not more than six months, or both.

<u>Proposed law</u> provides that no person shall have a cause of action against any provider of commercial mobile services, its officers, employees, agents, or other specified persons for providing device location information while acting in good faith and in accordance with the provisions of <u>proposed law</u>. Also provides that <u>proposed law</u> shall not apply to damage or injury caused by gross negligence or willful and wanton misconduct.

Effective upon signature of the governor or lapse of time for gubernatorial action.
